School Buildings of City are Being  
Renovated—Teaching Force  
Practically Complete

The long summer vacation is almost over for Grinnell boys and girls. School will open in all the city schools on Sept. 8 and that is just three weeks from this coming Monday.

Superintendent C. E. Humphrey and his assistants are already getting things all tuned up for a big year and the buildings are being put in apple pie order to receive the tide of rising young life which will be flowing through the halls which have been silent all summer.

College activities open Sept. 16 when the freshmen report. Registration days for the upper classes are Sept. 19 and 20 and the first classes will be held Sept. 22.

Superintendent Humphrey has his list of teachers for the city schools all lined up, with just one vacancy. The list of teachers as it stands at present is as follows:
