

Mail call--

9/20/71

Residents at the long-term care facilities at Grinnell General Hospital receive mail from Mrs. Edna Badger, a volunteer from the Grinnell General Hospital Auxillary. Pictured are L. W. Brock and Mrs. Josie Mithelman. Within the next two to three weeks, Brock and Mrs. Mithelman

will be moving to the new long-term care facilities at Grinnell General Hospital East along with other ong-term residents. Present facilities are located on the second and third floors of the older portion of Grinnell General Hospital West.

Hospital opens New Facilities

9/23/71

Thirty additional beds for long term care residents were opened today (Thursday) at the Grinnell General Hospital long term care facilities located at the east end of 4th Avenue.

Starting this morning some residents of the present long term care facility in Grinnell General Hospital West moved into the renovated facilities in the former St. Francis Hospital building.

Opening of the new facilities brings to 50 the number of beds available for long term care residents.
