**SUPPLIES WANTED**

Again I must ask the people in this public manner for supplies at the Charity Organization rooms.

The articles most needed are boys' clothing of all sorts and bedding. I particularly wish for a winter bonnet for a woman of sixty, having a large head. Also two quite decent chairs, alike or not, for a sitting room.

If the donors of supplies could bring them on Saturday they could be left in the upper hall of the Grinnell block, where the rooms are. If carried on any other day of the week please leave them at the Savings Bank.

While there are calls at the Charity Organization rooms for bedding of all kinds and but a meager supply, the real need is for childrens' clothes. Children to be healthy and acceptable companions need to be clean and that they cannot be, unless they have changes of clothing.

Surely there must be enough in town to supply all if the garments and the children could be brought together.

At the rooms is the surest place to bring that union about. The bonnet asked for lately, for a woman of sixty having a large head has not been received. Dresses and skirts for girls are asked for and not one girl's cloak or boy's overcoat where a number are needed. Dishes and cooking utensils, knives and forks, flat irons, brooms and lamps are being asked for. If the donors of supplies could bring them on Saturday they could be left in the upper hall of the Grinnell block where the rooms are. If carried on any other day of the week please leave them at the Savings Bank.

MISS DARNELL.

**MEETING OF CHARITY ORGANIZATION.**

The annual meeting of the society will be held at the residence of Mrs. H. K. Edson on Wednesday evening Nov. 14th at 7:30 o'clock. All who are interested are invited to attend.

Geo. H. Crosby, President,

11-13-06 P. E. Somers, Sec'y.

**-Clothing Needed.**

There was not sufficient clothing brought to the Charity Organization rooms after the call made in March, to supply the children who needed it so much. It was pitiful last Saturday to turn away a little girl of nine who, every week since, has asked, "Has any dress come yet that will fit me?" Surely there is such a dress if some one will take the trouble to get it to the rooms. Millinery is quite beyond the means of many. Let us have what you can spare. There are those who will make a commendable showing of taste and skill in the use of old hats and odds and ends of trimmings, and be made more self-respecting in the wearing of them. Remember, we use all sorts of things necessary to the running of a home and need them right now. If you have no means of getting your contributions to the rooms in the Grinnell block, send me word and I will provide one.
