FENNVILLE—GANGES AUTOMATIC TELEPHONE EXCHANGE

General Information

Dial 25000 for Fennville Fire Department

Long Distance.....Dial 0

Information.....Dial 0

To Report Trouble—Dial "0" and ask Operator for "Repair Clerk"

HOW TO USE THE DIAL TELEPHONE

1. SECURE THE CORRECT NUMBER FROM THIS DIRECTORY—if the number you wish to reach is not listed, call "Information."
2. Suppose the number you wish to call is 24961. Remove the receiver from the hook and listen for the dial tone (a steady "humming" sound that indicates that the equipment is ready for your call).
3. After hearing the dial tone, place your finger in the opening where you see the figure 2.
4. Pull the dial around until your finger strikes the finger-stop. Remove your finger and without touching the dial allow it to return to normal position.
5. Proceed in the same manner to dial the figures 4, 9, 6, and 1 in that order.
6. ALL DIALING MUST BE DONE WITH THE RECEIVER OFF THE HOOK.
7. When you have finished dialing, listen for the ringing signal (an intermittent burring sound) or a busy signal (a rapid buzz-buzz-buzz sound). If the line is busy, hang up and try your call later. If you hear the ringing signal, wait for about two minutes for your party to answer. If you do not hear either the ringing signal or the busy signal hang up and try your call again in a few seconds.
8. DO NOT INTERFERE WITH THE DIAL OR THE RECEIVER HOOK DURING CONVERSATION.
9. If when dialing you find that you have dialed the wrong digit, interfered with the return of the dial, or made other error, hang up and then dial again as on a new call.

HOW TO CALL A PARTY ON YOUR LINE

Other parties on your line can be identified by their telephone numbers. If your number is a five digit number and the first four digits of the desired number are the same as the first four digits of your number, the other party is on your line. Likewise if yours is a four digit number and the first three digits of the desired number are the same as the first three digits of your number. To call another party on your line, it will be necessary to dial a code number 7. To the code number shall be added the last digit of your number and the last digit of the party's number you wish to call.

Suppose your number is 24962 and you wish to call 24967 on your line.

1. Remove the receiver and listen for dial tone.
2. Dial the figures 727.
3. Replace the receiver; your bell will then ring. Wait for a reasonable period for your party to answer.
4. If the ringing stops, it indicates that the party has answered. Remove the receiver and start conversation.
5. If ringing does not stop within about two minutes, it is probable that the called party is not available.
6. To stop the ringing, remove the receiver from the hook and then replace it.

TELEPHONE BILLS

Bills are rendered the first and are payable not later than the tenth of each month. Payment of telephone bills will be accepted at our Local Collection Agencies:

Fennville—Tabor's Drug Store
Ganges—Eaton's Grocery
Payment may also be mailed to our office at South Haven, Michigan.

BE SURE OF THE NUMBER

before you telephone. Refer to the directory... save time and wrong numbers.

WARNING

Any person who shall willfully refuse to yield or surrender the use of a party line to another person for the purpose of permitting such other person to report a fire or summon police, medical or other aid in case of an emergency shall be deemed guilty of a misdemeanor.

Any person who shall ask for or request the use of a party line on the pretext that an emergency exists, knowing that no emergency in fact exists, shall be deemed guilty of a misdemeanor.

The word "emergency," when used in this law, means any situation in which property or human life are in jeopardy and prompt need of aid is essential.

THE RIGHT WAY

to call Long Distance!

For faster service and more satisfactory results generally, please give the long distance operator the information she needs . . . in this order:

1. The name of the city you are calling.
2. The telephone number in the distant city.
3. The name of the person you're calling, if it's a person-to-person call.
4. Your own telephone number, after the operator asks for it.
