BUSINESS TRANSACTIONS

Business transactions and applications for new service, changes in or additions to existing service or equipment may be made by telephone, by mail or in person with the Company's local business office.

Our aim is to render a service that will be satisfactory to our customers. We realize that difficulties may sometimes occur, notwithstanding all our efforts to avoid them. If at any time difficulties are not promptly corrected or unsatisfactory conditions persist, we shall appreciate your communicating the facts direct to our District Manager.

YOUR TELEPHONE BILL

Telephone bills are issued once a month and include charges for local service for one month in advance from the date of the bill and for out-of-town calls made the preceding month.

Telephone bills are due when issued, payable within 10 days and subject to denial of service if not paid within 20 days from date of bill.

TARIFFS

The rates, charges, rules and regulations governing the furnishing of telephone service and telephone directory service by the Union Telephone Company are on file with the Michigan Public Service Commission, a copy of which is available for public inspections at each business office of the company.

PARTY LINES

Conversation on all party lines must be limited to five (5) minutes each.

AUTOMATIC PARTY LINE SUBSCRIBERS

To dial a party on your own line, see instructions preceding the alphabetical listing pages of your automatic exchange.

WARNING

Any person who shall willfully refuse to yield or surrender the use of a party line to another person for the purpose of permitting such other person to report a fire or summon police, medical or other aid in case of an emergency shall be deemed guilty of a misdemeanor.

Any person who shall ask for or request the use of a party line on the pretext that an emergency exists, knowing that no emergency in fact exists, shall be deemed guilty of a misdemeanor.

The word "emergency," when used in this law, means any situation in which property or human life are in jeopardy and prompt need of aid is essential.

LOCAL SERVICE

Local service is for the subscriber and his business only. One rental pays for exchange service for one family or one business only and no one has a right to sell or sublet this service.

AUTOMATIC TELEPHONE EXCHANGE

General Information

Dial 25000 for Fennville Fire Department

Long DistanceDial 0 InformationDial 0

To Report Trouble—Dial "0" and ask Operator for "Repair Clerk"

HOW TO USE THE DIAL TELEPHONE

1. SECURE THE CORRECT NUMBER FROM THIS DIRECTORY—if the number you wish to reach is not listed, call "Information."
2. Suppose the number you wish to call is 24961. Remove the receiver from the hook and listen for the dial tone (a steady "humming" sound that indicates that the equipment is ready for your call).
3. After hearing the dial tone, place your finger in the opening where you see the figure 2.
4. Pull the dial around until your finger strikes the finger-stop. Remove your finger and without touching the dial allow it to return to normal position.
5. Proceed in the same manner to dial the figures 4, 9, 6, and 1 in that order.
6. ALL DIALING MUST BE DONE WITH THE RECEIVER OFF THE HOOK.
7. When you have finished dialing, listen for the ringing signal (an intermittent burring sound) or a busy signal (a rapid buzz-buzz sound). If the line is busy, hang up and try your call later. If you hear the ringing signal, wait for about two minutes for your party to answer. If you do not hear either the ringing signal or the busy signal hang up and try your call again in a few seconds.
8. DO NOT INTERFERE WITH THE DIAL OR THE RECEIVER HOOK DURING CONVERSATION.
9. If when dialing you find that you have dialed the wrong digit, interfered with the return of the dial, or made other error, hang up and then dial again as on a new call.

HOW TO CALL A PARTY ON YOUR LINE

Other parties on your line can be identified by their telephone numbers. If your number is a five digit number and the first four digits of the desired number are the same as the first four digits of your number, the other party is on your line. Likewise if yours is a four digit number and the first three digits of the desired number are the same as the first three digits of your number. To call another party on your line, it will be necessary to dial a code number 7. To the code number shall be added the last digit of your number and the last digit of the party's number you wish to call.

Suppose your number is 24962 and you wish to call 24967 on your line.

1. Remove the receiver and listen for dial tone.
2. Dial the figures 727.
3. Replace the receiver; your bell will then ring. Wait for a reasonable period for your party to answer.
4. If the ringing stops, it indicates that the party has answered. Remove the receiver and start conversation.
5. If ringing does not stop within about two minutes, it is probable that the called party is not available.
6. To stop the ringing, remove the receiver from the hook and then replace it.

TELEPHONE BILLS

Bills are rendered the twenty sixth and are payable not later than the fifth of each month. Payment of telephone bills should be mailed in the postage free return envelopes enclosed each month along with the Cashier's portion of the bill.

PLEASE WAIT Before "Hanging Up"

Give the person you are calling a chance to answer
before you hang up your telephone receiver.

Saugatuck — Douglas

Automatic Telephone Exchange

General Information

Dial 41000 for Saugatuck Fire Department

Dial 43000 for Douglas Fire Department

Long Distance Dial 0—Information Dial 0

HOW TO USE THE DIAL TELEPHONE

1. SECURE THE CORRECT NUMBER FROM THIS DIRECTORY—if the number you wish to reach is not listed, call "Information."
2. Suppose the number you wish to call is 42583. Remove the receiver from the hook and listen for the dial tone (a steady "humming" sound that indicates that the equipment is ready for your call).
3. After hearing the dial tone, place your finger in the opening where you see the figure 4.
4. Pull the dial around until your finger strikes the finger-stop. Remove your finger and without touching the dial allow it to return to normal position.
5. Proceed in the same manner to dial the figures 2, 5, 8, and 3 in that order.
6. ALL DIALING MUST BE DONE WITH THE RECEIVER OFF THE HOOK.
7. When you finished dialing, listen for the ringing signal (an intermittent burring sound) or a busy signal (a rapid buzz-buzz sound). If the line is busy, hang up and try your call later. If you hear the ringing signal, wait for about two minutes for your party to answer. If you do not hear either the ringing signal or the busy signal hang up and try your call again in a few seconds.
8. DO NOT INTERFERE WITH THE DIAL OR THE RECEIVER HOOK DURING CONVERSATION.
9. If when dialing you find that you have dialed the wrong digit, interfered with the return of the dial, or made other error, hang up and then dial again as on a new call.

HOW TO CALL A PARTY ON YOUR LINE

Other parties on your line can be identified by their telephone numbers. If the first four digits on the desired number are the same as the first four digits of your number, the other party is on your line. To call another party on your line, it will be necessary to dial a code number 7. To the code number shall be added the last digit of your number and the last digit of the party's number you wish to call.

Suppose your number is 42692 and you wish to call 42697 on your line.

1. Remove the receiver and listen for dial tone.
2. Dial the figures 727.
3. Replace the receiver; your bell will then ring. Wait for a reasonable period for your party to answer.
4. If the ringing stops, it indicates that the party has answered. Remove the receiver and start conversation.
5. If ringing does not stop within about two minutes, it is probable that the called party is not available.
6. To stop the ringing, remove the receiver from the hook and then replace it.

TELEPHONE BILLS

Bills are rendered the sixth and payable not later than the fifteenth of each month. Payment of telephone bills will be accepted at our Local Collection Agencies:

Saugatuck—Fruit Growers State Bank.

Douglas—Norton's Store

Payment may also be mailed to our office at South Haven, Michigan.

SAUGATUCK CUSTOMERS

Dial "0" for all long distance calls except dial "9" for calls to

HOLLAND—ZEELAND—BORCULO—HAMILTON

and for GANGES customers dial "8" preceding the Ganges directory number

Fennville, Mich.

WARNING

Any person who shall willfully refuse to yield or surrender the use of a party line to another person for the purpose of permitting such other person to report a fire or summon police, medical or other aid in case of an emergency shall be deemed guilty of a misdemeanor.

Any person who shall ask for or request the use of a party line on the pretext that an emergency exists, knowing that no emergency in fact exists, shall be deemed guilty of a misdemeanor.

The word emergency, when used in this law, means any situation in which property or human life are in jeopardy and prompt need of aid is essential.

WARNING

Any person who shall willfully refuse to yield or surrender the use of a party line to another person for the purpose of permitting such other person to report a fire or summon police, medical or other aid in case of an emergency shall be deemed guilty of a misdemeanor.

Any person who shall ask for or request the use of a party line on the pretext that an emergency exists, knowing that no emergency in fact exists, shall be deemed guilty of a misdemeanor.

The word "emergency," when used in this law, means any situation in which property or human life are in jeopardy and prompt need of aid is essential.
