

To Bill Kujawa

There you go again in the Commercial Record with your tirade for the sexual preference ordinance well disguised as a "human rights" ordinance. If Saugatuck is so cold and inhospitable to homosexuals, how come they live, work and visit here at rates probably well above 4 to 5 times (400 to 500%) more than their percentage in the population of the U.S. as a whole.

Take a look at the attached letter about the dirty animals who comprise the NAMBLA; one of the most disgusting groups ever created. That's one of the reasons there is opposition to the local ordinance proposed by homosexuals. What's to stop a dirty adult animal from bringing in a small boy for a weekend sexual orgy at Douglas Dunes? Where do the homosexuals who live and work here stand on pedophiles? There is a dead silence about them among those trying to push the ordinance.

Another reason is the dirty and disgusting spectacles of the weekend orgies at Sodomy City (Douglas Dunes), and North of the Oval Beach. Someone should get out and tell the radicals to tone down and get at least a nodding acquaintance with the word discrete.

If this ordinance is ever passed, you will far more surely permanently divide and harden the community than what you see as a division right now. Homosexuals are far more tolerated in Saugatuck than nearly any other community in Michigan, and probably throughout the midwest; don't create a permanent wall.

And last: Senator Byrd has it right. Here's a quote from him that you should take a good look at. You can push the vast majority only so far, and if you tip it, you'll surely lose.

"The drive for the acceptance of same-sex or same-gender marriage should serve as an indication that we have drawn too close to the edge and that we as a people are on the verge of trying so hard to please a few that we destroy the values and spiritual beliefs of the many."
