

Greene County July 3.rd 1848.

Dear Daughter,

You stated in your last letter that you would like to go to school a while longer providing we could spare you, if you are doing better for your self we wish you to do so,

I shall not attempt to give you any counsel at this time as I believe your Uncle and Aunt will advise you and they are more competent than my self; I would just say strive to live in the discharge of every duty that God has enjoined upon you, and make preparations for a better world than this.

My sincere love and well wishes ever remain for you
give my love and thanks to your Uncle Aunt
and family. I remain your affectionate Father &c
Fr. Lazard

N.B. your Mother says if it is convenient for you to bring
out that quilt pattern you had out here when you come
home she would like to have it.
H. L.,

Nancy, E. Lazard,
