Surprise, surprise! What do you think of our green idea this issue? .. But after all, Oscar must have some opportunity to celebrate his fifth year (Oscar is our Pennywise Owl above) ... We were glad to see Pete Hoodless - down last week-end with fiancée and all! (Did you get a good look at that engagement ring - an emerald cut diamond of no small proportions!) .. We also liked Pete's cousin, Betty Cutting of New Orleans. ... Thanks to Rube Clark for the music Sat afternoon ... Julia Hutchinson and Al Rauzenberger were over from Ocean City ... Have you ever noticed the strange resemblance between Frank Strobhar and Tony Dunn? (we haven't) .. What 5 boys turned so much with the wind that they turned over? ... Jim Bentley swam underwater to recover his trousers which contained \$1.00. ... At Betty Ridgeley's scavenger hunt: What two couples went to City Hall for a marriage license? .. Alice Mitchell and Bill Callery won "the most original" prize with the Mayor's car! .. We hear Stephanie Murphy was the only one who didn't cheat

FOR \$1.00 TO COVER THE COST OF MAILING WE WILL SEND THE "PENNYWISE" ANYWHERE DURING THE SUMMER SEASON

and use a car. ... How did Libby Godschalk meet Bill Mezger ... Tolash - George neall got a haircut!
