On Wed night, Jimmie Conselmo and Karl Suelke gave a spaghetti party at Roma's!... Karl Suelke was the most graceful eater with the help of his newly purchased "auto matic spaghetti fork"; Jim Satterfield was the fastest; Willie Porter was plenty sloppy (perhaps they don't have spaghetti in Ariz!... Brian Murphy was the sloppiest - perhaps because he came late & had to leave early!!... Only a few could entirely consume their platefuls!... Why, when Sydney Herkness sat down at the piano did everyone suddenly leave?... Johnny Prichett (age 7 mos.) stood up Wed.!... The Grahams turned their car over in N. Carolina and no one was hurt... Who comes to CM just for a couple of hours at a time to see Billie Jean-coast?... "4 VM1 Brother Rats" of Jim Satterfield's are down for the Pennywise Revue!... Peg Hippie, Haddonfield's glamour girl is due for a day!

Don't forget the Pennywise Revue is this weekend — see it and learn all the wonders of the Worlds Fair — there's an entirely new show Sept 2nd so don't miss this one... All that noise at the Green Mill last Sun night was Sydney and Joe Harkness's skating party. The howling was Blair Cochran's record about the garbage man... Sheila McCray won a rubber "8 ball" which bounced crooked!... Joe Birdsell won a compact!... Willard Porter actually got so he could skate around (almost) and his first time on skates... What familiar tune does Jack Vern's trio at Hens's play for Willie and Julie??!... What other couple get similar treatment?... Where did Jean Bradshaw obtain the bottle of beer Sat nite?... After the Harkness skating party the Admiral Pool was the cry — to cool off... What hotel near Beach and Ocean requests their female guests to remove their spike heels before climbing the stairs in the wee sma' hours?... Where did Harry Walker copy the script of Noel Coward's unpublished "Piccadilly"?

Bill Flinn has forsaken CM for Ocean City!... Johnny Seyfer is another with Ocean City-itis!... Peg Flinn is bruised from skating in more than one place — Was it Dick Wetherill's fault?... Ginnie Pennington is back from West Point where she spent a 1/2 hr in the military jug for illegal parking!... Mary Hope, Elvies Sattler and Patty Ramsey could hardly wait 'til Fri. to have Mrs. Frow tell their futures!... What girl addresses George Gowen "Dear sir" in her letters — and why?... What's this about Sheila Meecey lending "Swendolyn" to Ursula Naughton? Wonder if the Clay Hills enjoyed their cruise into the Pier last Sunday morn?... The Bradfords penguin has baby ones!
