.....

Did you know that many schools have a coin collection at their meetings in February to commemorate the founding of the P.T.A.? Wyoming P.T.A. budgets its Founders' Day Gift and as a consequence, our members never hear what happens to this money. The funds are divided equally between the state branch and the National Congress and are used for carrying on the following activities: field service, organization of local units, training of leaders, contacts with educational groups, and dissemination of knowledge that will further the aims and purposes of the parent-teacher movement.

Wyoming P.T.A. benefits greatly, though indirectly, from these activities each year. When the Deerfield School is completed, however, we will be able to see first hand the result of Founders' Day giving. There will be a new P.T.A. needing guidance, support and materials from the National, State, County and Local P.T.A.s. Perhaps we too should consider a coin collection in February to keep alive in our minds the purpose for which the gift is given.

.....

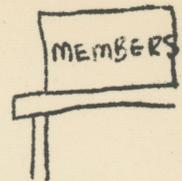

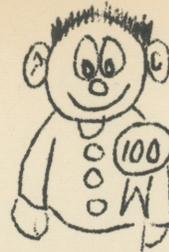

April is the month planned for mailing to each home a complete job description of the committees of our P.T.A. It is hoped that both mothers and fathers will fill out the questionnaire as to job preferences and program suggestions. Many of you might be interested in the fact that Mrs. Davis (chosen by the State Department to represent "the United States family" in Russia) was International Relations Chairman in her P.T.A. The stimulation of this P.T.A. job is also largely responsible for the enlarged American Field Service student exchange program in Millburn.

There are many things happening in Millburn that have come from able people doing imaginative work through their P.T.A.s. The articles in the "Item" on "Extras in Our Schools" often mention that the P.T.A. had a part in the initiation of many ideas proven of great worth.

Read and fill out these blanks carefully so that you too may know the stimulation of becoming more familiar with the work of the Board of Education, the Administration, and our teachers, for the good of our children.

Mrs. W. B. McCormick, President

REPORTS FROM SOME OF OUR COMMITTEES

Membership -

Our P.T.A. Membership Committee is hard at work to make Wyoming registration 100%. If you are not yet a member of Wyoming P.T.A., please send or bring your 75¢ to the school office before the end of the week of March 10. If you send your dues, don't forget to include your name and your child's grade in school.

Library -

The Wyoming School library has added more than 100 new books to our collection during this year, and the library continues to grow. National Library Week this year will be April 16-22, and Mrs. Haller's fifth grade is preparing a suitable program to be presented in assembly before Spring vacation.

A reminder..... It is rumored that there are a number of overdue books still out. Please check your shelves for Wyoming School Library books and return them as soon as possible.

Adult School-

We hope that everyone has taken a thoughtful look at the excellent variety of interests and hobbies served by the Millburn Adult School, now entering upon its Silver Anniversary Spring Term. The Adult School Board always welcomes your suggestions and reactions. In particular, the Board would like to know of any courses which you or your friends and neighbors would definitely support if offered. The Board is also always glad to learn of well qualified instructors who might be available to conduct classes.

In order that your ideas might be presented at the next meeting of the Board, contact your representative on the Adult School Advisory Board, Mrs. K. Oravetz, 104 Sagamore Road, or telephone SO3-4640.

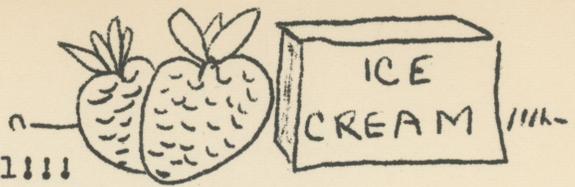

Parent and Family Life Education -

March 16 - Wyoming P.T.A. Parent - Education meeting at 8:00 P.M. The Speaker will be Detective Thomas Muller who will discuss "The Evils of Narcotics". Detective Muller will supplement his talk with films and a display of objects related to his subject.

International Relations -

April 13 - Wyoming P.T.A. International Relations meeting at 8:00 P.M. when the Speaker will be the Reverend Richard Hightower. Mr. Hightower, who lived for more than 10 years in Africa, will speak on his experiences there, in particular, the Mau-Maus in Kenya and communism in Africa.

Ways and Means - Strawberry Festival!!!

It may seem that, with our snow shovel still parked close at hand, and Spring still two weeks away on the calendar, Strawberry Festival time is far off in the rosy future..... but not to the Ways and Means Committee. They've been busy for some time now and are planning many new and exciting things for us in June. NOTE THE DATE Wednesday, June 7 (not Thursday, June 8). Committees have been selected, and our Cub Scouts will be in charge of games. (They are already working on them). In a few weeks, slips will be sent home, and the Committee is hoping for lots of cooperation from volunteers. **BE READY TO SIGN UP!!!!**

SENT HOME SOON...BE WATCHING FOR THEM AND ORDER YOURS PROMPTLY.

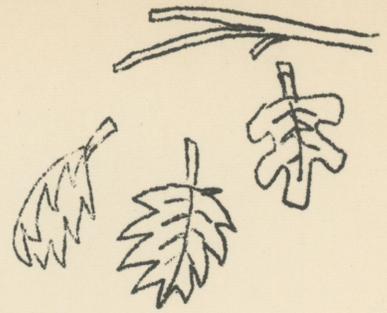

Contributions From Our Classes -

(Mrs. Patton's 4th grade)

The Four Seasons

Spring is lots of fun, and
With it comes the beams of sun;
Summer may bring a very hot day
But you will still want to play;
Autumn brings leaves of red and brown
Which you have to rake from the ground;
Winter will bring ice on the trees,
And snow that climbs up to your knees.

Karen Lautz

"Julius" by Syd Hoff (a book report)

Davy and his father went to Africa to try to catch an animal. They saw an elephant, giraffe, and lion. But Davy's father said, "Let's take a rest". Davy did not want to rest. So he walked on. He kicked a cocanut into the bushes. Someone kicked it back to him. Davy went into the bushes. Then he saw a gorilla. To Davy's surprise the gorilla said, "My name is Julius".

What happened then? You can find this book in the Wyoming School Library.

Shelly Bronfman

(Mrs. Krasny's 5th grade)

After a visit to Cinerama's "Seven Wonders of the World"

If you have ever seen the unique Taj Mahal, I'm sure that you agree with me about its being one of the most remarkable wonders of the world, both beautiful and graceful. It is the world's most famous temple of romance - built by a king in memory of his favorite wife. Unfortunately, the king had to spend his declining years in prison, but he could look out upon his majestic temple.

Alison Eoyer

There are many fascinating and thrilling wonders that are known throughout the world. One of these was shown in the "Seven Wonders of the World". In my opinion, the most thrilling sight took place in India, where natives gazed into a ring where a poisonous Cobra and a Mongoose were engaged in a battle to death. The Mongoose crept up to his victim to make his attack, then he leaped upon the Cobra's neck. It was a struggle, but the Cobra weakened. The Mongoose had made another victory.

George Terrell
