My dear Miss Hill

I want to tell

you I think it was dear of you to bring
the children's "Walking Club" over to my
little wild flower and bird reservation.
and I suspect you also had a "finger
in that pie" of that lovely Xmas Greeting
and I want to thank you again.

I am sending you this little map
of the paths and two little cuts of "Stone
House".

Won't you call me up some time
when the weather is fine in the Spring
when you can spare the time to bring
the "Club" over? I should love to show
you all around and have you sign
my "Visitors' Book" where I am also going
to put the Xmas Greeting card which I
prize very highly.
With every best wish
Cordially

Cora L. Hartshorn

P.S. I have sent the "Club" a map also.
