

May 1972

ADAMS RETIRES That long awaited day finally arrived — retirement day, March 31, 1972 — for Frank G. Adams, Automotive Mechanic Foreman at the Government garage in Boulder City. Adams has retired after more than 27 years of Federal service, and is happily looking forward to future plans which include extensive traveling of the western states, visiting with friends and relatives, and pursuing his hobby of photography. Frank is shown with his grandson (one of his favorite photographic subjects).
