Four More Manganese Ore Homes Are Up for Bids

Four more Boulder City homes, formerly occupied by Manganese Ore company workers, are to be sold. The houses are all located on Avenue I south of Wyoming and are to be sold by the Reconstruction Finance corporation on bids, according to G. L. Leaver, Salt Lake manager.

Fifteen other houses of this group were advertised last November, have since been sold.

The remaining four, at 604, 612, 623 and 632 Avenue I, will be open for inspection next Monday and Tuesday, July 16-17, between 9 and 5 o'clock, Leaver states.

The houses were built in 1942.
