

The background of the cover is a dark, textured surface. Overlaid on this are several images. At the top, a suspension bridge with a tall tower and cables spans across the frame. Below the bridge, on the left, are several houses with green roofs and white walls. In the center, a large concrete dam with a curved face is shown, with water behind it. To the right of the dam, there is a fountain with multiple jets of water. The overall color palette is dominated by dark tones, with highlights from the bridge, houses, and fountain.
