

Retirement Party Honors John Ronan

BOULDER CITY — John P. Ronan was feted by 70 of his fellow employes of the Department of Water and Power at a retirement party in the DWP hall Saturday night.

Saturday was his last day on the job as assistant operator after nearly 12 years spent with the department in Boulder City. He recently reached retirement age of 65 years.

He was presented with a two-suiter traveling case and certificates of merit by A. E. Hamilton, resident engineer; and a wallet and other gifts by Al Kunkel, who arranged the party.

Gifts included a prospector's pick and other tools; since Ronan had said that he was "going prospecting" after his retirement. He resides at the DPW dormitory.
