CONTENTS

	Page
Foreword, by Hubert Work.....	1
Introduction, by Nathan C. Grover.....	3
Synopsis of report and general conclusions.....	9
Cooperation and assistance.....	11
Topography and climate.....	11
Factors affecting hydraulic structures.....	12
Ice.....	12
Floods.....	14
Logs and débris.....	15
Silt.....	15
Flood control.....	16
Need.....	16
Headwater reservoir sites.....	17
Flaming Gorge reservoir site.....	17
Juniper reservoir site.....	17
Ouray reservoir site.....	17
Dewey reservoir site.....	18
Bluff reservoir site.....	18
Reservoir sites on main stream below Cataract Canyon.....	19
Glen Canyon reservoir site.....	19
Glen Canyon dam site No. 1.....	20
Rainbow Natural Bridge.....	25
Glen Canyon dam site No. 2.....	25
Sentinel Rock dam sites Nos. 1 and 2.....	26
Oak Creek dam site.....	27
San Juan dam site.....	27
Escalante dam site.....	27
Bedrock dam site.....	27
Marble Gorge dam site.....	28
Boulder Canyon reservoir site.....	28
Boulder Canyon dam site.....	28
Upper Black Canyon dam site.....	29
Mohave Canyon reservoir site.....	30
Reservoir basin.....	30
Mohave Canyon dam site.....	32
Location and geologic conditions.....	32
Plan of development.....	32
Enlarged Mohave Canyon reservoir.....	33
Summary of flood control.....	34
General conditions.....	34
Glen Canyon reservoir site.....	35
Boulder Canyon reservoir site.....	36
Mohave Canyon reservoir site.....	37
Conclusions.....	38

	Page
Water power.....	39
Methods of analysis.....	39
Units of development.....	39
Power computations.....	39
Water supply.....	40
Comprehensive plan for development of river.....	42
Details of plan.....	42
Summary of plan for power development.....	46
Lower sites.....	46
Cataract Canyon power site.....	47
Dark Canyon dam site.....	47
Alternative plans of development.....	49
Junction dam site.....	49
Mille Crag Bend dam site.....	50
Glen Canyon power site.....	51
Marble Gorge power site.....	52
Marble Gorge bridge site.....	52
Redwall dam site.....	53
Alternative dam sites.....	56
Mineral Canyon power site.....	56
Other power sites in Grand Canyon National Park.....	60
Plan of development.....	60
Ruby Canyon power site.....	61
Specter Chasm power site.....	63
Havasupai power site.....	65
Alternative dam sites in Grand Canyon National Park.....	67
Clear Creek and Granite Wall sites.....	67
Cremation site.....	67
Pipe Creek site.....	67
Hakatai site.....	68
Big Bend site.....	68
Plan of development between west boundary of Grand Canyon National Park and Parker, Ariz.....	68
Outline of plan.....	68
Sites recommended.....	74
Bridge Canyon power site.....	74
Devils Slide power site.....	77
Hualpai Rapids power site.....	79
Lower Black Canyon power site.....	81
Mohave Canyon dam site.....	84
Parker diversion dam site.....	84
Alternative dam sites.....	85
Prospect site.....	86
Upper Diamond Creek site.....	88
Lower Diamond Creek site.....	91
Travertine Canyon site.....	93
Spencer Canyon site.....	93
Flour Sack Rapids site.....	94
Pierces Ferry site.....	95
Grand Wash Canyon site.....	96
Virgin Canyon site.....	97
Callville site.....	97
Middle Black Canyon site.....	98

Water power—Continued.	
Power sites—Continued.	
Plan of development between west boundary of Grand Canyon National Park and Parker, Ariz.—Continued.	
Alternative dam sites—Continued.	Page
Eldorado site.....	98
Eagle Rock site.....	99
Bulls Head site.....	100
Appendix A. Water supply, by E. C. La Rue and G. F. Holbrook.....	101
Stream-flow records.....	101
Past depletion.....	108
Future depletion.....	110
Water supply for power.....	113
Water supply for irrigation.....	121
Adequacy of water supply.....	122
Appendix B. Geologic report on the inner gorge of the Grand Canyon of Colorado River, by R. C. Moore.....	125
Introduction.....	125
Scope and purpose of the report.....	125
Previous geologic work.....	125
Field work.....	126
Rock formations of the Grand Canyon district.....	126
General section.....	126
Mesozoic rocks.....	128
Navajo and Wingate sandstones.....	128
Chinle formation.....	129
Shinarump conglomerate.....	129
Moenkopi formation.....	129
Paleozoic formations.....	129
Kaibab limestone.....	129
Coconino sandstone.....	130
Hermit shale.....	130
Supai formation.....	130
Redwall limestone.....	130
Temple Butte limestone.....	130
Cambrian formations.....	131
Algonkian rocks.....	131
Archean rocks.....	131
Structure of the Grand Canyon district.....	132
Geologic factors involved in river development.....	133
The bottom portion of the Colorado River canyon with special reference to dam sites.....	134
Marble Gorge division, Paria River to Little Colorado River.....	134
Head of Marble Gorge.....	134
Suggested dam site near the head of Marble Gorge.....	134
Mile 4.6 to Vaseys Paradise.....	135
Redwall dam site.....	136
Alternative Redwall dam sites.....	138
Vaseys Paradise to Little Colorado River.....	139
Kaibab division, Little Colorado River to Shinumo Creek.....	139
Little Colorado River to head of Granite Gorge.....	139
Possible dam sites between the mouth of Little Colorado River and Granite Gorge.....	140

Appendix B. Geologic report on the inner gorge of the Grand Canyon of Colorado River, by R. C. Moore—Continued.

The bottom portion of the Colorado River canyon, with special reference to dam sites—Continued.

Kaibab division, Little Colorado River to Shinumo Creek—Continued.

	Page
Head of Granite Gorge to Grapevine Creek.....	141
Mineral Canyon dam site.....	141
Granite Gorge between Grapevine and Clear creeks.....	143
Clear Creek dam site.....	144
Granite Gorge between Clear and Bright Angel creeks.....	144
Granite Wall and Cremation dam sites.....	144
Granite Gorge between Bright Angel and Hermit creeks....	145
Pipe Creek dam site.....	145
Granite Gorge between Hermit Creek and Turquoise Can- yon.....	146
Ruby Canyon dam site.....	147
Granite Gorge between Turquoise Canyon and Shinumo Creek.....	147
Investigation for dam site near mouth of Shinumo Creek..	148
Kanab division, Shinumo Creek to the Toroweap Valley.....	148
Granite Gorge between Shinumo Creek and Walthenberg Canyon.....	148
Hakatai dam site.....	149
Granite Gorge from Walthenberg Canyon to Stephen Aisle..	150
Big Bend dam site.....	150
Grand Canyon between Granite Gorge and Middle Granite Gorge.....	151
Middle Granite Gorge.....	151
Specter Chasm dam sites.....	151
Grand Canyon between Middle Granite Gorge and Havasu Creek.....	153
Havasu dam site.....	154
Grand Canyon between Havasu Creek and Toroweap Valley..	155
Uinkaret division, Toroweap Valley to Hurricane fault.....	156
Prospect dam site.....	157
Shivwits division, Hurricane fault to Grand Wash Cliffs.....	158
Grand Canyon from Hurricane fault to Diamond Creek..	158
Diamond Creek dam sites.....	159
Lower Granite Gorge from Diamond Creek to Travertine Canyon.....	162
Travertine Canyon dam site.....	162
Lower Granite Gorge from Travertine Canyon to Bridge Canyon dam site.....	163
Bridge Canyon dam site.....	163
Lower Granite Gorge between Bridge Canyon dam site and Spencer Canyon.....	164
Spencer Canyon dam site.....	164
Lower Granite Gorge between Spencer Canyon and Salt Creek.....	166
Devils Slide dam site.....	166
Grand Canyon from Salt Creek to Grand Wash Cliffs.....	167
Pierces Ferry dam site.....	168
Mohave Canyon dam site.....	169
Index.....	173
