Boulder City "Put On Map" Just 20 Years Ago This Week

BOULDER CITY, Feb 7 —
Just 20 years ago this week
Boulder City was first "put on
the map." Although the town

the Hoover dam, power plant and
appurtenant works. This is the
most important job on the Boul-
der Canyon project. Young point-

soil and it was found that the
high mesa furnished the only soil
in which vegetation might be de-
veloped. It is hoped, according
