

"PLEASE RETURN MY MONEY"-- An Open Letter

Boulder
Nov 1944

To the Boulder City News:

Yesterday I lost more than \$400.00 fastened in a handkerchief with a safety pin. I was careless and it's my fault but I still don't have the money which represents my life savings.

I arrived in Boulder City a

week ago from Santa Ana, California, and have been looking for work since then so that I could settle in Boulder City.

My money may have been lost near the Post Office, the Milk Center, or the Central Market.

I am desperate... with only a few cents in my pocket... and will pay any reward. Please return my money.
