

That man Lavesque hurried in a  
moments ago all out of breath and  
bought fourteen papers. Wanted to  
mail to his friends, and he has  
hosts of them—the news of the  
birth of his kittens. You would  
think that guy never had any  
kittens before. ——

By the way, ask Lavesque when  
and where the happy event takes  
place. Sure, you are all invited.
