DECEMBER 5, 1921-SEPTEMBER 22, 1922

SENATE DOCUMENTS

VOL. 11

WASHINGTON : : GOVERNMENT PRINTING OFFICE : : 1922

CONTENTS.

	Page.
Letter of transmittal.....	vii
Letter of submittal.....	ix
Report on problems of Imperial Valley and vicinity:	
Outline of problems.....	1
Physiographic features.....	1
Silt deposit data.....	3
Power possibilities.....	4
Urgency of relief.....	5
Progress of investigations.....	10
High Line Canal.....	11
Flood protection and irrigation storage benefits.....	13
Power development.....	14
Status of lands in Lower Colorado Basin in United States.....	15
Construction methods.....	15
Boulder Canyon and other sites.....	18
Recommendations.....	21

APPENDIX A.—DESIGN AND ESTIMATES—BOULDER CANYON DAM.

Dam sites investigated.....	22
Types of dams.....	23
Diversion during construction.....	23
Spillway.....	24
Irrigation and flood control outlet works.....	24
Power development.....	24
Right of way.....	26
Railroad.....	26
Camp sites.....	27
Cost.....	27
Conclusions.....	27
Supplementary report on power development.....	28

APPENDIX B.—WATER SUPPLY AND DEVELOPMENT.

Political divisions of Colorado Basin.....	31
Upper basin—irrigable areas.....	31
Lower basin—irrigable areas.....	32
Draft on water supply.....	33
Estimated future depletion by development table.....	35
Increased evaporation from possible reservoirs.....	35
Demands on water supply.....	37
Diversion duty—table.....	38
Estimated ultimate demand, lands below Boulder Canyon.....	38
Storage required.....	39
Plan 1.....	40
Plan 2.....	41
Plan 3.....	41
Possible reservoir sites.....	42
Storage sites in Colorado Basin—table.....	42
Flood control on the Colorado River.....	44
Flood control on the Gila River.....	45

APPENDIX C.—IRRIGATION AND DEVELOPMENT—LOWER BASIN.

Above Laguna Dam.....	47
Below Laguna Dam.....	48
Classification of future irrigation.....	48
Cottonwood Island project.....	49
Mohave Valley project.....	50
Chemehuevis Valley project.....	51

	Page.
Parker project, Colorado River Indian Reservation.....	52
Palo Verde Valley (Blythe project).....	55
Palo Verde Mesa and Chucawalla Valley project.....	59
Cibola Valley project.....	61
Yuma project.....	62
Canal headworks at Laguna Dam—All-American Canal report.....	64
Canal from Laguna Dam to Siphon Drop.....	67
Canal from Siphon Drop to Pilot Knob.....	68
Canal location at Pilot Knob and thence westerly.....	69
Imperial irrigation district, California, and Imperial Valley, Mexico.....	71
Ownership and area, Imperial Valley projects.....	74
Appropriations, water supply.....	74
Imperial Valley investigations, preliminary estimate.....	77
Areas and approximate status of lands.....	80
Cost estimates.....	80
Pumping plants, Imperial Valley.....	87
Participation by contributing agencies.....	88
Classification of soils bordering the Imperial Valley—C. F. Shaw.....	93
Summary of soil survey, Imperial Valley—A. T. Strahorn.....	95

APPENDIX D.—IRRIGATION AND DEVELOPMENT—UPPER BASIN.

Classification of projects.....	100
Irrigation by streams and States—table.....	101
Irrigation by stream basins—table.....	102
Irrigation by States—table.....	102
Green River Basin, Wyoming.....	103
Fontanelle Creek project.....	106
La Barge project.....	106
Tepee project.....	106
North Piney-Cottonwood-Green River project.....	107
Uinta-Fremont project.....	107
Apex project.....	107
North Fork River and tributaries.....	108
Eden project.....	108
Water supply.....	110
Seedskaadee project.....	113
Green River project.....	113
Bonneville project.....	113
Blacks Fork, Smiths Fork, and Big Muddy.....	114
Churchs Butte project.....	115
Henrys Fork.....	115
Hams Fork, Opal project.....	115
Power sites, Green River—table.....	116
Yampa and White River Basins.....	117
Wessels project.....	119
Mad Creek project.....	120
Hayden Mesa project.....	120
Elk River project.....	122
Dolan Mesa project.....	126
Great Northern project No. 1.....	126
Summers project.....	127
Yellowjacket project.....	127
Wolf Creek project.....	128
Deadmans Bench project.....	128
Savannah Butte project.....	129
Yampa River—Juniper Reservoir.....	129
Cross Mountain Reservoir site.....	129
Upper Bear Reservoir.....	129
White River Basin—Rangely Reservoir site.....	130
Yampa and White River undeveloped power sites.....	130
Vermillion Creek.....	131
Uinta Basin, Utah.....	132
Ashley Creek.....	133
Uinta and Whiterocks Basins.....	133
Dry Gulch.....	134

CONTENTS.

V

	Page.
Uinta Basin, Utah—Continued.	
Lake Fork.....	135
Duchesne River.....	136
Castle Peak project.....	136
Rock Creek.....	136
Power, developed and undeveloped—tables.....	137
Grand River Basin, main stem and Gunnison and Dolores Basins.....	138
Dewey Reservoir.....	139
Main stem, Grand River.....	140
Gore Canyon and Kremmling Reservoir.....	143
Gunnison River.....	144
Dolores River drainage.....	146
San Miguel project.....	150
Lilylands project.....	152
Nucla Colony.....	153
Disappointment Valley.....	153
West Paradox Valley.....	154
Montezuma project.....	154
Dolores project.....	156
San Juan Basin.....	158
Navajo River and tributaries.....	161
Piedra River.....	161
Ignacio project.....	161
Florida River project.....	162
La Plata Mesas project.....	163
Overland project.....	165
Turley project.....	166
Mancos River and McElmo Creek.....	168
Upper Basin, miscellaneous projects.....	169
Price River project, Utah.....	169
Dixie project, Utah.....	170
Little Colorado project.....	170
Green River project, Utah.....	172
Diversions out of Colorado River Basin.....	173
Transmountain diversions from Colorado River Basin.....	173
Operating transmountain diversions.....	176
Proposed transmountain diversions.....	177

APPENDIX E.—POWER.

Power on tributaries.....	178
Green River.....	179
Yampa River.....	179
White River.....	180
Green River, main stream.....	180
Grand River.....	181
Colorado River.....	182
Summary tables.....	183
Power plants.....	186

APPENDIX F.

Profiles of dam sites and reservoir capacity curves.....	187
All-American Canal plans.....	187

APPENDIX G.

Reservoir sites—tables of data.....	189
Constructed reservoirs.....	189
Precipitation records.....	193
Temperature records.....	194

APPENDIX H.

Act (41 Stat., 600) providing for investigations of problems of Imperial Valley..	196
---	-----

APPENDIX I.

Stream-gaging data.....	198
Monthly records at important gaging stations.....	216
Bibliography.....	223

PHOTOGRAPHS, DRAWINGS, AND MAPS.		Page.
PLATE I.	Relief map, Colorado River Basin.....	viii
II.	Capacity and area curves, Boulder Canyon Reservoir.....	20
III.	Capacity and area curves, Black Canyon Reservoir.....	20
IV.	Boulder Canyon, view of "C" Dam site.....	20
V.	Map, Lower Colorado River Basin.....	20
VI.	Firm horsepower at Boulder Canyon Dam site.....	20
VII.	Topography and profiles, Boulder Canyon Dam sites.....	28
VIII.	River Bed Section, "A" Dam site, Boulder Canyon Reservoir.....	28
IX.	River Bed Section, "C" Dam site, Line C-1, Boulder Canyon Reservoir.....	28
X.	River Bed Section, "C" Dam site, Line C-2, Boulder Canyon Reservoir.....	28
XI.	Preliminary design curved gravity dam, Boulder Canyon Reservoir.....	28
XII.	Operation of Boulder Canyon Reservoir to provide 700,000 horsepower.....	30
XII-A.	Operation of Boulder Canyon Reservoir to provide 600,000 horsepower.....	30
XIII.	Map, Cottonwood Island, Nevada-Arizona.....	48
XIV.	Map, Mohave Valley project, Arizona.....	50
XV.	Map, Parker project, Colorado River Indian Reservation.....	52
XVI.	Map, Palo Verde Valley project (Blythe), Calif.....	54
XVII.	Map, Palo Verde Mesa and Chuawalla Valley project, Calif.....	58
XVIII.	Map, proposed irrigation system, Cibola Valley, Ariz.....	60
XIX.	Map, irrigable area below Laguna Dam.....	62
XX.	Map, Yuma project, Arizona-California.....	64
XXI.	Map, preliminary surveys, Imperial Valley.....	98
XXII.	Map, Green River Basin, Wyo.....	102
XXIII.	Map, Yampa and White River Basins.....	116
XXIV.	Map, Uinta Basin, Utah.....	132
XXV.	Map, Grand River Basin, Colo.....	138
XXVI.	Map, Gunnison and Dolores Rivers, Grand River Basin, Colo.....	144
XXVII.	Map, San Juan River Basin.....	158
XXVIII.	Map, Price River project, Utah.....	168
XXIX.	Map, Dixie project, Utah-Arizona.....	168
XXX.	Map, Little Colorado River project.....	168
XXXI.	Map, Green River project.....	172
XXXII.	Map, diversions from Colorado River to Mississippi River Basin.....	176
XXXIII.	Map, Boulder Canyon Reservoir site and surrounding territory.....	178
XXXIV.	Map, Colorado River Basin.....	184
XXXV.	Approximate profile of Colorado and Green Rivers.....	186
XXXVI.	Topography and profiles, Dewey Dam site.....	188
XXXVII.	Topography and profiles, Flaming Gorge Dam site.....	188
XXXVIII.	Topography and profiles, Juniper Dam site.....	188
XXXIX.	Section and curve, Browns Park Dam site, Green River.....	188
XL.	Section and curve, Ouray Dam site, Green River.....	188
XLI.	Section and curve, Upper Bear Dam site, Bear River.....	188
XLII.	Section and curve, Rangely Dam site, White River.....	188
XLIII.	Section and curve, Starvation Dam site, Strawberry River.....	188
XLIV.	Section and curve, Kremmling Dam site, Grand River.....	188
XLV.	Section and curve, Turley Dam site, San Juan River.....	188
XLVI.	Section and curve, Bluff Dam site, San Juan River.....	188
XLVII.	Section and curve, Junction Dam site, Colorado River.....	188
XLVIII.	Section and curve, Bulls Head Dam site, Colorado River.....	188
XLIX.	Map, All-American Canal.....	188
L.	Profile, All-American Canal, Laguna Dam to West Side Main.....	188
LI.	Laguna Dam, proposed changes.....	188
LII.	Typical section, All-American Canal, south end of Sand Hills.....	188
