

WOMAN: HER SEX AND LOVE LIFE

FOR MEN AND WOMEN

By WILLIAM J. ROBINSON, M. D.

Illustrated

This is one of the most important, most useful books that we have ever brought out. It is not devoted to abstruse discussions or doubtful theories: it is full of *practical* information of *vital* importance to every woman and through her to every man; to every wife and through her to every husband.

The simple practical points contained in its pages would render millions of homes happier abodes than they are now; they would prevent the disruption of many a family; they show how to hold the love of a man, how to preserve sexual attraction, how to remain young beyond the usually allotted age. This book destroys many injurious errors and superstitions and teaches truths that have never been presented in any other book before. In short, this book not only imparts interesting facts; it gives *practical* points which will make thousands of women and thousands of men happier, healthier, and more satisfied with life. Certain single chapters or even paragraphs are alone worth the price of the book.
