COMMITTEE ON
AGRICULTURE AND FORESTRY

May 27, 1941

C. A. LAWTON, CLERK

Mr. Eugene B. Ousley
Boulder City
Nevada

Dear Eugene:

Your letter was received and appreciated. I note with a great deal of interest the development that is going on in Boulder City. I have always said that I looked for the time when Boulder City would be the third largest city in the state - and the most attractive.

I have taken the matter of the water supply up with the Department of the Interior and had expected a report on this before now but no doubt it will be forthcoming in a very short time. I will advise you as soon as I have word.

I am glad to know of these conditions and am only too happy to assist in correcting the same. An adequate water supply is the life blood of any community.

Shall look forward to seeing you personally when I visit the state next.

With every good wish.

Sincerely,
