

Like a great 'Mirage' the 'Art in the Park' appeared

By Teddy Fenton

Awe struck, we stood there, two days before the Boulder City Hospital art show appeared—the parks were empty. The day after the show ended they were empty again. Wasn't it a dazzling sight? (Extraordinary!)

Chairwoman Sandy Christensen and co-chair Carol Oransky, with members of the

Hospital Auxiliary, worked for the past year to create the long-awaited "happening" of 1990.

Who supplied the lighting, who handled food, who chaired the tickets for gifting the generous prizes handed to lucky winners? Esther Sawyer chaired that department, she is sure there will be a record-breaking fund over last year. In 1989, a total of \$90,000 plus was raised.
