Dear all,

I feel as though I am probably sharing with you information about an upcoming documentary that you probably already know, but because of the link to our alumnae ... I can't help myself!

Jessica Turk, HH 2002 is a Program Manager at Nashville Public Television (Npt) and has been instrumental in the production of the documentary BY ONE VOTE: WOMAN SUFFRAGE IN THE SOUTH. And what is even more special is that she has had assistance from other alumnae! Here is what she emailed recently:

Working with fellow HH Alums on this project made the project even more meaningful. It's funny how space and time gives you a newfound appreciation for things. I look back at my time at Harpeth Hall and only now recognize what a privilege that education was and how HH is an incubator for young female leadership. It was really gratifying working with the next generation of Harpeth Hall Alums who share the same leadership DNA that is crafted HH.
