Every

HONEY

has

YBEAR

During any ordinary day at "The Hall" you never know what you are going to encounter. With all the excitement of daily life, the beginning of school, new teachers, new students, new uniforms... there are just some things you just **DON'T** do.

Throw your Allure, Cosmopolitan, and Seventeen away because the newest social and fashion survival guide is your very own Milestones yearbook. For you amateurs and members of the male posse, just keep in mind that the black boxes that strike through the eyes of the guilty indicate something you should not do! Have you ever made a mistake, ever goofed, ever got caught on camera at that awkard moment. For every Faux Paws there is a great story. For every Faux Paws there are a few laughs. For every girl in plaid, there is a FAUX PAWS. Faux pas is French for mistake. A "faux paws" is Milestones for fun. Sit back, relax, and read, for every Honeybear has a Faux Paws!

Faculty and Si

Ms. Margie Martin

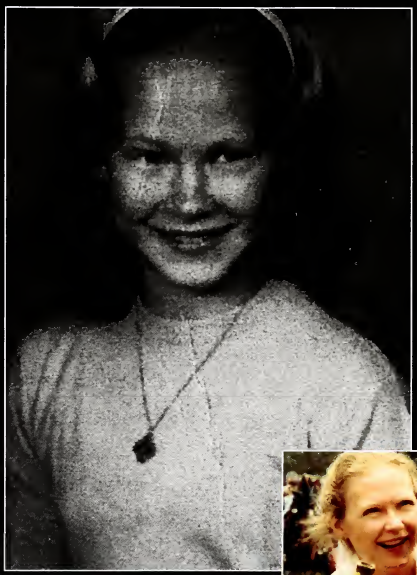

Those students who never ventured into Souby have yet to receive the greatest gift at Harpeth Hall--Ms. Martin's warm smile. To those who call or visit our school, Ms. Martin is the receptionist at the front desk. To the students and faculty she is a helper, a listener, a confidant, and most of all a friend. Never scowling and never failing, Ms. Martin brings to life the administrative air of Souby. You can tell her about it all; the test you failed, the guy you like, the plans you've made, and even about how your back hurts from the huge backpack still resting on your back. That is why it has been so hard to keep the secret from you, Ms. Martin, that Milestones makes this staff dedication to you.

Ms. Lynne Rothrock

Described by the Nashville Scene as "Diana Krall and a prettier Bette Milder with sassy red hair, ...she can sing anything, and she can grab and shake a house," Ms. Rothrock has made her mark on the music scene of Nashville, TN. However, we have more to add about the upfront "This Is Me" singer. Oh no, she is much more than that. As Middle School Music teacher, she shows us the techniques of music, and what it takes to put on a fabulous musical. As Upper School Chorus director, she is always waiting at the early

aff Dedications

morning time of 8 o'clock to greet us with her smile and stories of her past days since she last saw us. Never is there a dull moment around her, and never is there a moment when we feel out of place. She laughs with us about Faux Pas of her own and ours, she teaches to sing with conviction and intensity, and she never lets us leave the room without a smile. Ms. Rothrock, your mark here has been made, those who've had you in class can feel it. The Middle School dedicates this book to you.

Ms. Nancy Grimes

English teacher extraordinaire, Ms. Grimes is one of those teachers who you always want to have before you graduate. Funny, understanding, will catch your made up words in an essay on a book you haven't read, she knows her stuff. Mother to senior, Amy Grimes, between grading papers, teaching, driving Amy to horse-back riding (in previous years), cooking dinner, and taking a group of girls to London, there's little time for anything else. Her love of the english language and her ability to transfer it to her students is what makes Ms. Grimes a great teacher. Her welcoming smile and open ear that's always ready to listen to your problems make her a wonderful companioin. Wild stories about her children keeps her students attention when the five-hundred page "Poisonwood Bible" and the "Oedipus" trilogies just don't cut it. She's our partner in crime, together we do it all, but now, Ms. Grimes, you stand alone as our teacher, our friend, our entertainer, and as the woman who this Upper School dedicates this book.

DO's

Do roll out of bed and throw your hair in a ponytail in the morning.

Do feel free to chat with your buds on the internet in your free time.

Do wear your HH coulote.

Do befriend Mrs. Mulgrew, Malone, Compton, Maxwell, Horton and Mabry.

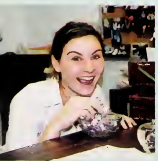

Do dance with your dad at the father daughter dance.

Do enjoy Mr. Crocker and Wallace's stories.

Do stop in and grab a mint from Mrs. Maxwell or Mabry's office.

Do take advantage of the new athletic center.

Do use your First Class E-mail.

DON'Ts

Don't block the girl behind you in class with your beaufont.

Don't forget to turn down the volume on the computer when you are back in class.

Don't let the flap fall into the toilet.

Don't exchange cell phone numbers with them.

Don't forget, he is you dad, not your boyfriend.

Don't believe everything they say.

Don't stay too long, odds are they'll find a uniform infraction.

Don't go only to hit on the new trainer.

Don't send all your AOL Forwards to the entire school.

Allison and Maegan Dowdle, 8th grade, just one of 5 sets of twins on campus. Though they both play volleyball and basketball, shown here in the b-ball hoodies, they are not the same person. And, please don't refer to any of these gals as "Hey Twin."

Meryl and Morgan McVicker, 7th.

Emmie, 12th, Anne, 10th, and Cornelia, 8th, Granbery.

Mary Katherine, 9th, Clair, 6th, and Ellie, 7th, Bartholomew

Ella and Ma

Have you ever felt like you were seeing double? Do you keep hearing the same name over and over at assemblies? With 5 sets of twins and 3 families with 3 children here at school , you probably have. In the middle school there are Allison and Maegan (left) and Morgan and Meryl McVicker (7th). In the Upper School you may see Angeline and Elta Falls-Mariani, or Amanda and Lauren Powell tapping away at dance concerts, or Adrienne and Hillary Thomas, who until last year were 2 or 3 Thomas girls at HH. In the Granbery family you have Emmie (12th), Anne (10th), and Cornelia (8th). plus, cousin Marion (12th). The Bartholomews added 2 to HH this year with Clair (6th), Ellie (7th), and in her 5th year Mary Katherine (9th). Last, but not least, are those Stengle gals, Mary (12th), Morgan (10th), and Sara (6th). Though they may share a last name, a bathroom, or a ride to school, each of these girls adds her own special talent and personality to the unique spirit that we call "The Hall."

Ms. Graves' advisory group exemplified what every group of Harpeth Hall girls should do: welcoming a new person with open arms. They had Lauren from South Africa as a guest in their group for two and a half months.

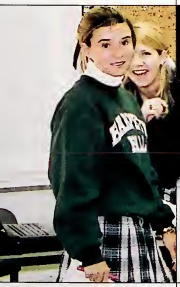

ADVISORY

HARPETH HALL'S ANSWER TO FAILED SCHOOL SPEAKERS

Food always plays a central role in these gatherings, when unknown bakers come out of the woodwork to provide the vital nourishment needed to make it through the rest of the day.

Advisory Groups are an essential part our education. From the time you enter school as a 5th grader, until your last days of as a senior, you will always have at least one place to call home, your advisory group. Your advisor may be your favorite teacher, it may be an administrator, or even a "staffer". Fifth through 9th graders are assigned advisors, once you hit that sophomore year, you may choose that faculty member with whom you most identify. No matter the adult, you and seven or eight classmates have a place to "chill", relax, vent, discuss world issues or those closer to home.

Advisory can be a time where girls can de-stress, catch up with their friends, and learn to work together. * Ann Wyatt Little shares her anxiety, like so many students do, while Emma Harwell laughs off the angst of the morning. * Anna Gernert takes a break to get filled in on all the gossip she missed by Caroline Rhett. * Maggie McCain, Claire Burks, and Maegan Dowdle work together in their advisory group, building their communication skills as well as reaquainting themselves with each other after a long summer break. * Advisors sometimes dress out of the norm...here, you guessed it, Halloween, 5th and 6th grade advisors are Goldielocks and the 3 bears. Mr. Benson is Papa Bear, Mrs. Royce is Mama Bear, Ms. Schlanger is Baby Bear, and Mrs. Lee grew out her tresses to be Goldielocks.

Terror

The Harpeth Hall community commemorates

Tra

the victims of

Ground Zero 2003. Over a year after our world was rocked on 9-11, Carolyn Corbett captured Ground Zero behind a lense during her stay in New York over Winterim.

"None of us will ever forget this day. Yet, we go forward to defend freedom and all that is good and just in our world." - President George W. Bush

The night of September 11, 2002 we gathered with our families around the television and radio to seek answers from the government. "Terrorist attacks can shake the foundations of our biggest buildings, but they cannot touch the foundation of America. These acts shattered steel, but they cannot dent the steel of American resolve, " President Bush emphasized the importance of America's TRIUMPH.

Although, the dust had settled, and the World Trade centers are razed, Our community gathered to commerate the victims of 9-11 on the one year anniversary of the tragedy. Souby Lawn was filled students, faculty, family and friends, accessorized with ribbons and flags. Caroline Johnson, Dr. Eckerd, Lillian Simon, and RaleighAnne Blank shared thoughts and feelings. It was our time to stare TERROR in the face and bond as one force against the TRAGEDY of terrorism.

The right place, at the right time, with camera in hand...sometimes we just get lucky and catch you in the act...

*Have you ever been attacked by a classmate with green hairspray? Sara Stengel got caught and shows her spirit at Varsity Volleyball match, supporting senior sister Mary, or could she be supporting Sophomore sister Morgan?

*Donít hold back! Senior setter Sara ilkeî Isenhour after a set and a kill as the varsity Bears defend their state title.

*Breaking and entering? This mysterios upper schooler is caught entering the hard way.

*This Senior-ita, Virginia Pirkle, longs for spring break... it be a trip to the Caymans?

*Take a closer look, do you recognize this student? Science faculty member drew a lot of double takes on Halloween.

A fifth grade stampeded... Anna Spickard, Caroline Evers, and Jenny Cook spot Ms. Teaff from accross the field and race to welcome her to the cross country meet.

A quiet place to study on campus is often hard to find. But, with Diet Coke in hand, junior Hadley Hines finds a shady spot in early fall.

The 11th Hour

With prom on deck and college counseling in the hole, Juniors are stepping up to the plate. While Keeley studys hard to pass European with Dr. Echerd, Gracie and Carolyn enjoy the fall weather taking one for the team as they perform the all important task: coloring MBA football signs, a duty every Junior avoids at all costs.

In the 11th Hour...

The fast and the furious will finish the 11th draft of her term paper, do 11 hours of homework trying to pass the 11 electives she is taking, lose 11 hundred hours of sleep worrying about getting into college, put in 11 hours setting up the day of prom, and rush home to find that she has 11 minutes to shower and dress before she picks up her date.

Success Story

This year, Laura Wright has maintained the right to call hersef the worst, or at the very least, the most unlucky driver in the Class of 2004. Not only has she managed to wreck four cars in a four month time span, but two of these cars have been laoners from the Land Rover of Nashville dealership.

If you've seen Laura on her way to school or driving around town, it is more than likely that she is driving a loaner car rather than her own. Although she has also driven both black and white Freelanders, her most notable loaner, and her favorite to drive, is the infamous electric blue Freelander. These flashy cars sure have caught the attention of not only the entire MBA student body and Harpeth Hall construction workers, but also oncoming traffic, trees, and policemen. Believe it or not, while driving a loaner, Laura managed to both back into a tree and get a speeding ticket . Not only has she successfully raised your father's insurance substantially this year, but Laura, averaging at least one wreck per month, holds the record for most driving infractions in the shortest time span.

A Perfect 10

From car pile-ups and classic breakups to internet fraud, Sophomore year is full of changes and new experiences. Cars suddenly become the issue at hand. What kind of car are you getting? Do I get a parking spot? Will my birthday ever come? These questions commonly drift down the Sophomore hall. Since they are no longer freshmen, and not enjoying the luxuries of being upperclassmen, Sophomores find other excitements. Sophomore class officers, Tori Patterson, Estee Simpkins, Mary Ross Bryant, Madeline Martin, and Elizabeth Anderson, reflect the best characteristics of their class.

Class President, Melissa McCord comments.

"Our class's strongest attribute is that we are very creative and are not afraid to voice our opinions."

With an exasperated sigh, Claire Berry awes at the new Latin assignment. Having just translated their last chapter, yet another has been assigned. "What happened to those mindless conversations about psychology and birds we used to have with Ms. Ross?", she thinks.

Fall is a time of rigorous training and tons of laughter for the soccer gals. However, Ana Nettles and Katie Gallagher take time to relieve their daily stresses, by pushing eachother around.

As class president, Melissa McCord inherited the job of heading the Sophomore sale. Approaching the sales finale, Melissa slaves over organizing the heavy boxes of Mammoth pecans.

Often you will find Sophomores sprawled across the hall due to stress. Jennie McCabe and Aly Armistead get a head start on the fatigue junior year will soon bring.

Where is the first place you went when you got your license?
Satco, for a little celebratory cheese dip!

Do you miss being a freshman?
The answer was unanimous...NO!

Freshman Firsts

Freshman year is a time of meeting new people, experiencing new things, and creating lasting memories. Maggie Dichl and Denton Whitson, being experts on the subject, had a lot to say about their first day as high school students. On their first day, Maggie, being a "new girl", and Denton being the "Harpeth Hall pro", had the same experiences of having to worrying about finding their way around, meeting all of their teachers, and learning their schedule. Still, the girls were the most nervous about meeting all of their new classmates. "In the beginning I spent a long time being nice to every single person, not knowing who I would end up being friends with, I wanted to keep my options open. It was exhausting keeping the smile on my face," says Maggie. Denton has related thoughts. "I was very excited to see all the new faces. I was eager to make new friends, and I did. It was a great to get to know all of the new girls and how their personality would affect our grade. It was a change for the better and everyday is exciting because of all the new people that make everyday fun and filled with excitement." The first day of school as a freshman is hard for anyone, new or old. Luckily, the rest of the year will be one of the best experiences of their lives!

EIGHT IS ENOUGH

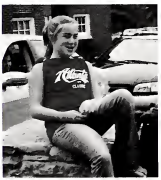

Seniors of the Middle School

After surviving the first three years of middle school, the class of 2007 is finally ruling the school, middle school that is. When asked how it felt to be the oldest, Olivia Burd relplied, ***"It feels great! We are studs!"*** From the eighth grade retreat to Chicago, the eighth graders always have something going on. At the eighth grade retreat, they reacquaint themselves by playing get-to-know-you games and doing various outdoor activities such as shaving cream hair-dos. In Chicago they have their last hurrah before moving to the Upper School, by seeing the Chicago sites, shopping

at the Water Tower mall, and eating great food.

After a hard week of school at Harpeth Hall, most eighth graders hit the mall. While many girls choose the Green Hills Mall's selection, including Bebe or Express, Cool Springs dominated with their selection of Abercrombie and Fitch, Hollister and American Eagle. Emi Mimms and Marissa Sessoms, however, pre-

fer shopping in their older brothers' closets and finding bargains at thrift shops around town. Once they've maxed out their parents' credit cards at the mall, the eighth graders will put on their favorite jeans, flip flops and the new cute top, and head out to the MBA game or the movies.

When Lauren Poole said that all she does in her free time is study, she summed up the eighth grade work ethic. They are dedicated students who work hard, yet play hard. The eighth graders turn it up a notch with harder classes, especially IPS, but they are able to have some down time by releasing their stress in life skills. Even though they are enjoying the perks of being the oldest in the middle school, they are still looking forward to their transition into high school. They are ready to handle the freedom and harder classes. However, there is thing they aren't looking forward too: being the youngest once again!

"We don't have free time," claims Mamie Nichols who was caught clowning around with every Harpeth Hall girl's favorite accessory, the laptop. While they do cause problems, having some eighth graders making trips to the Bear Cave for computer repairs almost once or twice a week, they are used just about every day in the classroom.

Mary Tek, Emily Turner, Becca Hill, and Olivia Burd feel fired up at a Middle School pep rally for winter sports. With students and clubs earning pep points for attending events, MS spirit has really "pepped" up over the past year, and MS Varsity and Junior Varsity basketball teams started the season off with a bang.

Eighth grade members of the cross country team gather for quick snapshot before finishing off their undefeated season with the fourth straight HVAC Championship. Coaches Meltesen, Henderson, and Dale help guide, train, and councel the girls through the season.

In memory of September 11, the middle school ochestra, led here by eighth graders Maggie Babb and Cameron Neely, played a few songs to remember the victims of the World Trade Center, the Pentagon, and the Pennsylvania attacks.

"Mrs. Hagan is really awesome, she focuses on Latin but always can lend an ear to other subjects."

-Lindsey Rollins

Nura Ismail gets in working mode, along with her eighth grade classmates, at the eighth grade retreat. If she only knew that the goggles and tongs wouldn't make IPS any easier.

Do: Have fun and bond with your friends on the eighth grade retreat.

Seventh Grade Itch

This year, the seventh grade got to reap all the benefits of being older and wiser. These lucky girls got to experience mixers with boys and being a part of the middle school play. They even got new laptops! After doubling the class size and moving into the Dough W. Smith building, this group of stupendous seventh grade girls went on a caving trip and an outstandng outdoor retreat to Camp Laney where they all bonded as a new class.

Something to smile about...a new year, a new school, and new friends. Elizabeth Ward, Caroline Sanders, and Lisa Carson are all fresh faces on campus this school year. The seventh grade nearly doubles in size each year as almost 30 new students join the class of 2008.

Perhaps the Milestones photographer was wandering the 7th and 8th grade hall the same day and sought out identical poses of Samantha Williams and Mamie Nichols (in the 8th grade section).

Freedom in the 7th grade...

Anne McWhirter sums up seventh grade with this quote: "It is a really fun year." During these two long semesters, new students come in and retreats to Camp Laney involving silly skits unite all the new girls together. Erin Brooks says, "The best thing that I have experienced this year is getting to know the new girls and becoming closer with the ones that aren't new."But there is more to seventh grade than new students. Rachel Styers boasts, "We get a lot of new privileges that we didn't have last year, and we have new surroundings." Another bonus is the freedom to leave lunch early and not having to wait for the teachers in the cafeteria. Lauren Petway says, "In the seventh grade they give you a lot more freedom to do what you want to do." Tori Pittarelli looks forward to studying in the new "modular village" next year while the new middle school is built. The seventh graders this year are faced with the challenges of making new friends and the rewards of greater freedom. Next year holds great promise as these great girls advance to becoming 'top dogs' of the middle school.

Fifth graders love

Lunch Time

in the Dining Hall

This year's fifth graders are known throughout the student body as one of the most spirited classes. We can always count on them to stand up in assembly and make us smile. Students like these are what make Harpeth Hall shine!

Lunch time!" are probably the fifth grader's two favorite words. Hilary Greenstein takes a wholesome bite of the Dining Hall's famous potato soup. They work so hard during the day, and lunch is a time where they can kick back and relax wiht their friends. Its hard to believe that at the beginning of school they didn't know anyone, and now they are experts at finding their way around campus...and especially the lunch line! They have really learned to fit into this food-obsessed school!

Allison Stark smushes her face with frosted cookies during Advisory with Mrs. Shlanger. Looks like she might need some help!

The Carter Conference. *The Spanish language is renown for troubling many a highschool student, however, Senora Carter is here to save the day. Offering a sample of authentic Spanish from Spain, Mrs. Carter offers a great deal to her students. She and Crockett Hale hit the books in hope of an epiphany over the imperfect tense.*

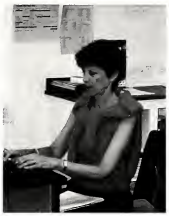

Latin Pride. Though Latin pride has always been prevalent, this year it got a little out of hand. Shannon Neidemeyer was not the only one spotted in Roman duds on February 18th, several other Latinets supported the new uniform in honor of the Roman Banquet. She was escorted down the hall by Meredith Woodard.

Tuz in charge. *Mr. Tuzenue is quite possibly the most vivacious faculty member in the Upper School. His classic vinegar and ice cream story along with his alien visuals, leave lasting guidance for his French and Spanish students. Don't forget, Tuz's classroom is* ***always*** *under complete control.*

Mrs. Choppin, more commonly known as Senora Choppin to her Middle School students, has been a beloved teacher many years. She is a well-respected classroom teacher always trying to spark her students interest with the Spanish language by using creative projects and interactive learning. Many high school students will claim that Senora Choppin introduced them to the Mexican dining hotspot, El Palenque, while they were on one of her class field trips. However, Mrs. Choppin's teaching goes beyond the classroom. She offers her rising freshmen a trip to Cuernavaca, Mexico. During this 10 day trip, the girls take classes, travel to surrounding cities, climb pyramids, and get a taste of authenic spanish lifestyle. Normally the group is split between two houses hosted by one very generous family. Mrs. Choppin does this trip out of her love for the Spanish culture, but especially for her students. She undertands that one must interact with the language in which they are learning for it to interest them. Students will say that this trip was unforgettable, and that it motivated them to study abroad or take part in a homestay. Mrs. Choppin is a teacher who embodies all aspects of a perfect foreign language teacher.

It is not uncommon for Mr. Wallace to invite his former students to sit down for a refreshing glass of ice tea in order to discuss some "colloquial" or slang phrases.

Dr. Jack, known for his speed and agility, tries to master his art in the form of grading.

Here stands Harpeth Hall's finest, bravest, and most intellectual history team to date. The ensemble includes Merie Clark, Dr. Jack Henderson, Mr. Cooper, Tony Springman, Moses, and Tim Wallace.

Dr. Cooper gives one of his famous "visuals". Here he is expressing just how much he is going to miss the class of 2003 next year.

Mrs. Clark takes a step out of her George Washington Day Celebration director's chair to pose with Morgan, Allie, Erin, Anna and Liz.

MAKE SOME HISTORY

"History is the version of past events that people have decided to agree upon."

-Napoleon Bonaparte

From Napoleon Bonaparte, to Franklin Delano Roosevelt, our History Department stops at nothing to make sure each student learns to appreciate, or at least tolerate, history. The history department shines through with its talented eight members. Merrie Clark, head of the department, teaches seventh grade American History. Ms. Clark is also in charge of the George Washington day celebration each spring. Also in the middle school are Mr. Wallace and Mr. Benson. Mr.Wallace teaches eighth grade history and also doubles as the upper school soccer coach. Mr. Benson teaches fifth and sixth grade history. In the upper school, Dr. Echerd and Mrs. Moses double team the juniors with European History. Dr. Echerd also teaches a class on World Religions. Dr. Jack captivates his Topics in World History and AP American students with his flair for teaching. Mr. Springman, also known to many as "Baba", teaches American Government and Psychology to eager freshmen and sophomores. Baba is also the official fire marshall. Dr. Cooper teaches American history and is reserved solely for seniors. He keeps them guessing what his next American "visual" will be. Another page in history that will be taught to future students, has unfolded this year in Iraq, in front of our eyes.

After a graveling debate in his 5th grade geography class, Mr. Benson steps outside to release some stress.

NUMBER NERDS

Math has a radical year

Math often isn't a subject many students pick as their favorite, but the underdog is making a comeback. Math club membership is at a new high (33 girls) and when surveyed, an overwhelming majority of the eighth graders said that math was their favorite subject. The lone man in the math department, Mr. Wert, is the department chair. The math club meets, when president Mary Chisolm is given the opportunity, on Mondays and Fridays during activity period. Perhaps the most notorious event for math clubbers is Pi Day, a day in the spring for the girls to get together and show their enthusiasm by baking and eating pies in celebration of the mysterious number. Though there is no set math club in the Middle School, the sixth, seventh and eighth graders each meet independently during lunch throughout the year to prepare to compete in various competitions around town.

GET YOUR REAR IN GEAR

P.E. and Dance teachers keep students in shape!

Starting in the fifth grade students take dance and PE. The fifth and sixth grades focus more on fitness and skills through games. Every other year they participate in the Jump Rope for Hearts. This year they raised over $6000 for the American Heart Association. In the seventh grade they have PE three days a week with the focus more on sports. As the girls move on to high school, curriculum includes a semester of dance and wellness freshman year, and an option of dance or physical education for the next three years. These students get their maximum workout potential under the command of fitness guru and department head Lori Graves. Jennifer Redman, Martha Grace, and Stephanie Hamilton keep the middle school in line, while Lori Graves, Susan Russ, and Leslie Matthews take care of the upper school. This year, classes have been able to take advantage of our new Dugan Davis Soccer and Track complex. Now that we are no longer limited to treadmills and few other machines, many teachers have held their classes in the new weight room with its brand new ellipticals, bikes, treadmills, free weights, and other new machines.

Mrs. Blackburn (above), heads up the fine arts department again this year. The art department, along with the rest of the school, spends most of the year with the anticipations of moving into the Patton Visual Art building shortly after spring break. The building will relocate the photography room to an updated location, giving more space for the thesbians to preform their magic in the old photo room. The new fine arts building will include newer and much larger art rooms, a new dark room for photo, bamboo floors, and a bigger publications room!

This year, the Art Club is headed by Annie Huitt and Catherine Thompson as presidents and Hillary Thomas as vice-president. Members of the Art Club made and painted colorful bowls. These bowls were auctioned off to raise money for charity. The members of the Art Club got to see professional artwork on their field trip to the Frist Art Center. They also traveled to Cheekwood.

Working 9-5

If you enter school in fifth through eighth grades you cannot go a day without talking to, passing, or seeing Mrs. Mabry. Many a middle schooler, and upper schoolers, have frequented her desk for a peppermint. As students venture across the lawn to the upper school they are greeted by Mrs.Horton. Should you be absent, late, need to call your mom, you must stop in her office. Parked between Mrs. Mabry and Mrs. Horton, at the front of Souby Hall are Mrs. Martin and Mrs. Nash. Their warm voices greet every caller. Though they are not teachers, they still touch and teach us lessons daily.

Fund raising, Hallways, reunions, accounting, annual giving, the bookstore...behind the scenes, but none the less important, the gals at Sunnybrook. We are touched by these people regularly, but have no idea the amount of hard work that they endure. Mrs. Norton, among other things, plans our reunions (you know 20 years from now when you actually get around to reading this copy) and works with alumni relations. Mrs. Morton, the lady with the lemon drops, keeps the students stocked with supplies and PE uniforms. Mrs. Squyers, not only helps out the Milestones staff with pictures, but also produces the magazine Hallways and other school publications. Mrs. Kimberlin and Mrs. McDonald work with annual giving. The list goes on and on...

Dana Long-Innes sits outside in the beautiful spring weather consulting with Kendall Green about the choices she made last weekend.

Mrs. Ford's optimistic guidence counselor look gives her a happy face for the camera. Notice, on the wall in the background of this photo, " Failure is impossible." Coincidence for a guidence counselor to have such a quote on the wall? I think not.

Mrs. Payne advises Anna Smith about her college choices at a college meeting in the spring. Wonder where Anna wll go?

Mrs. Maddux works dilligently in her office organizing papers and files for her different students and the colleges they have chosen. What a help she is to stressed Seniors in the Spring.

Mrs. Payne, Mrs. Barringer and Mrs. Maddux, the three college counselors put their heads together for a quick shot outside at an assembly infront of the Monroe Carrel Library.

Mrs. Barringer flawlessly poses for the camera. Girls, can we say former Lady of the Hall?

COUNSELORS
The Problem Solvers

Counselors consist of the College Counselors, Guidence Counselors and the all around counselor for the middle school. The College Counselors are Mrs. Maddux, Mrs. Payne and Mrs. Barringer. These infamous college helpers give an early start to the jun- iors by beginning the college meetings at the start of the junior year. The guidence counse- lors are Dana and Erika in the upper school, also known as Dana Long-Innes and Erika Radke. Dana and Erika also teach a Life Choices class to freshmen as a way for them to get to know the new girls. These counselors keep it cool and tell the students that come to them that their lives are, in fact, definately not ending when they are 10 feet deep in homework. The wonderful thing about the couselors is the fact that they are strictly here to help you, not get you in trouble or make you cry, but make you stop crying. Mrs Ford, the all around counselor for the middle school and life skills teacher is there for anything you need her to be there for. Mrs Ford and her charming smile are willing to talk to you about anything you please. She alone works with the nearly 200 students of the middle school, anyone want to trade places for a day?

"I love working with high school girls and watching them learn to balance all the things they do both in and out of school. I feel so lucky to be able to help them learn more about themselves because they also teach me so much about life." says Erika Radke.

Ms. Fasky helps this middle schooler with her blue slushi. The dripping machine causes the floor to be sticky, yet that is quickly fixed by the placement of a bucket to catch the sugar drink.

Surprisingly passing up the popular slushies, Jenny Cook tops off her meal with a refreshing glass of Crystal Light. Lunch period serves as a relaxing and delicious break during the long school day.

Ms. Jordan and Ms. Cross, two of the many friendly cafeteria staff members, serves the famously tasty tater tots. The kitchen staff is also there to great each student with a friendly smile and a hello.

As always, Ms. Lowe greets her lunchroom customers with a big smile as she makes their name off the list.

We Need Your Support

Making our lives easier, are the many people behind the scenes. People we may or may not see every day, but who are non the less important. From the gals int he library to the the gals (and 1 guy) in the dining hall and of course all the maintenance men around campus. Daily we are greeted by the ladies in the dining hall with a smile and souther "How are you doing baby?"

Every have a tech problem. Then, your presence is requested in the Bear Cave, down the stairs and to the right in the library. Overdue library book...see Mrs. Greathouse. Lost in the library, then you are looking for Mrs. Douse or Rumsey.

Ever forget a book and you have to make a trip back on campus and you find the building locked. Well, then you are hunting down Charles. Willie, Mark, Karl, Jeff, Trey and Charles keep our campus beautiful, the fields and building in working order and any other maintenance issue. Without a doubt, the campus would be a lot less calm without the support of these individuals.

Feed me. Dora Savely, Curtis Jordan, Cynthia Johnson, Sandra Easley, Robbin Cross, Dwana Davis, and Judy Lowe, a crew who daily make our lives "fuller." New students and faculty have to watch their waistlines.

Maintenance Crew, yes all of them together at one time, in the cafeteria. From left to right: Charles, Willie, Mark, Karl, Jeff, Big R, and Trey.

Curtis Jordan, shares his warm smile daily with students and faculty.

We need your support...

Making our lives easier, students and faculty alike seek the support of a wide variety of individuals. Perhaps it is a visit to the Bear Cave for a little computer support (or reimaging), maybe you need the help of one of the librarians. Still, the maintenance men are always around the corner with their golf carts. And, there is always the support of the dining hall staff when those hungar pangs hit. The maintenance and dining crews are the people on campus who always have a smile and a warm welcome at hand. Without Curtis' warm smile, who would want to put their tray in the right place? Without Willie's, "Hello ma'am" who would want to keep the freshly painted classroom and well manacured lawns, well...fresh! Day in and day out, even on the weekends at times, the maintenance crew comes in, with Mr. Riddle at the helm, and helps keep our campus beautiful. Whether they're watering the flowers, painting the walls, or even the job none of us would dare to do, fixing the toilet stoppages, they never stop adding to our school community. The same goes for the dining hall crew. Here we're lucky to have such a great meal plan, and actually be able to say we've never had tuna surprise. From chicken fingers to the yougert bar, from tea cakes to chicken salad, the school community is very well fed. And haning out in the second newest building on campus are the Librarians and Techies always ready to find the perfect book or fix the latest computer woe.

Mrs. Compton halts all activities...it's her turn to talk.

If women ruled the world...well, they rule our world on this vast growing campus we call home 10 months out of the year. Though many of us depart on Memorial Day, and may not set foot back on campus until registration in August, these women work year round to make our education one of the best in the country. Ms. Teaff makes her home in Souby Hall, while Mrs. Mulgrew and Maxwell reside in the Upper School and Mrs. Compton spent their last year in the white, Daugh W. Smith Middle School. Schedule, discipline, fund raising, dinners, 550 students and sets of parents, these ladies do it all. Basketball games, musicals, mixers, dances, dinners, Parent's Night, Open House, yadda, yadda, yadda, they were all there with smiles, open arms and hugs to go around. Ms. Teaff may be remembered for her emotion, Mrs. Mulgrew for her quick wit and Mrs. Malone for her sweet southern drawl. No matter you memory, you can't make it a day without running into one of these "Women in Charge."

The Katie Wray Award
Second and Third Honors

Each year at awards day, three young women are awarded the top academic honors. The Katie Wray Award goes to the student who has had the highest grade point average in their time in the Upper School. Mary Chisolm, who is heading to Chapel Hill this fall, received the Katie Wray award for top academic achievement. Rachel Price, who will be changing from a honeybear to a tiger next year at Princeton, received second honors. Laura Lee, receiving third honors, will be heading to Williams College in Williams, Massachusetts in September.

Winterim '03

"…was about philosophy and adjusting carburetors and designing buildings and learning from children students served. It was about stretching the body, the mind, and the spirit. Most of all, Winterim was about learning what students are capable of and how much one can achieve.

In our community, students worked in the world of service, the arts, and business. Students did everything from answering phones and filing to writing press releases, news articles, and grants. A little farther afield, some students learned about the inner workings of Capitol Hill in Washington and of museums like the Smithsonian. Students learned what goes on in the world of fashion design, broadcast news, and the arts in New York.

Some ventured abroad to study the art and history of ancient Greece and the literary history of Great Britain. And, some ventured within, to conduct their own research in Vanderbilt University's labs, or to dance, to paint, to write, to photograph.

Let it snow, let it snow, let it snow! Winterim 2003 was an adventure in discovery!"

Awards Day

Middle School

It 's the last day of school before exams, lockers are clean, white shirts are pressed, the plaid is out in full force, and the saddle oxfords... Today is an opportunity to honor and celebrate academic achievements, intellectual curiosity and hard work.

Catherine Higham made the walk on stage a few times with top honors in math, history, and a few others. Latin students (pictured right) overtook the stage when Mrs. Hagan present the many Latin awards.

Teachers sat on the vary stage in which the 8th graders would be graduating the next week. Cameras clicked as parents and families watched and celebrated.

Some may feel that just a few stand out, but if you count the people who received and award, over half the MS made the walk on stage. Our school is know for its academic leadership. This day was a showcase for our future leaders.

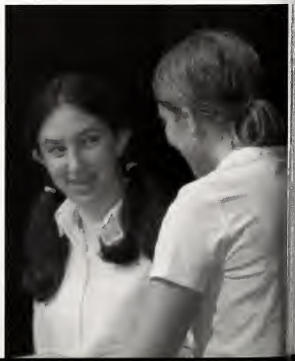

Mrs. Dale presents Catherine with one of her academic awards for the highest average in Math.

Mrs. Blitz, in her last hur-rah on stage, presents art awards to Christina Jezioro and Mary Fowler Howell.

Ms. Seiters presents the science award to Amanda Dean, 7th grade.

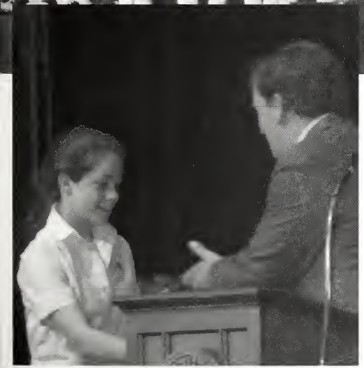

Emily Turner, an 8th grade Cub Cronicle editor, receives a certificate from Ms. Schlanger.

Diane Uwamahoro receives a science award from Mrs Nash.

Always a handshake, never a hug, Mr. Wallace presents the history award to Maggie Wilkins.

Mdme. Climber presents the French award to Shelby Bridwell and Maria Murabito, 7th.

Awards Day
Upper School

Despite the sticky heat and threating mosquitos and bees, the Awards Day proved to be an entertaining conclusion to the year. The club songs were a hit, once again, the Lady of the Hall Announcements were exciting, and the last few hours in the plaid for the year was a little sad. Most importantly though, seeing classmates receive deserved awards never fails to make you smile. The winning seniors include M. Chisolm, R. Price, L. Lee, R.A. Blank, P. Lewis, L. Ezell, B. Beveridge, K. Ferdowsi, T. Nalls, E. Granbery, K. Smith, A. Grimes, K. Atkins, A. Chandler, C. Harbison, K. Abkowitz, C. Judy, G. Barton, A. Cole, M. Riley, K. Tompkins, M. Stengel, S.A. Bargatze, C. Thompson, K. Sears, C. Johns, and A. Jones. In total, there were 10 freshmen, 10 sophomores, and 19 juniors who won awards!

Berry Kennedy walks triumphantly back to her seat on the lawn after winning the Harvard/Radcliff Book Award. She also won the Chemistry Award and the Elizabeth Pope Evans Award along with juniors E. Conrad, M. Ramsey, A. Smith, and L. Trickett.

Sarah Anne Bargatze is excited to have won the Marnie Sheridan Art Award. Others awarded in art were M. Stengel, A. Cole, C. Thompson, and T. Nalls.

Prima Ballerina, Katie Sears graciously accepts the Dance Award from Ms. Hamilton.

There she is! Laura Lee recieves an English award from the adorable Saffie Croker. Amy Grimes received the Susan S. Souby Award from Saffie and daddy Croker as well.

Raleigh Anne Blank, Leigh Gernert, Margaret McNeilly, and Cari Johns take cover in the shade from the hot sun and enjoy their last few moments in the plaid!

Mary Chisom gives Ms. Higgins a hug as she accepts the Pickens Science Award. This was not all she took home, for she was honored with the Katie Wray Award, the Elizabeth Pope Evans Award, and the Math Award, too!

Ann Teaff is excited about the final day of school for the class of 2003.

Stephanie Compton headed up Students Against Drunk Driving a.k.a. SADD in its innagural year. This active club participated in many events this year including a red ribbon week where the school was covered in red ribbons standing for anyone who had ever lost someone due to a drunk driver. Also, the club held a concert in the auditorium with the band Shirock to raise drunk driver awareness.

Beyond Hate, led by Ashley Cole and Emily Wall, had topics of the month for the school year including racism, sexism, classism, "ethnicitism" and ageism. They watched movies during lunch pertaining to the topic and spent time discussing. The girls occasionally went to different restaurants with students from around Nashville to discuss topics over dinner during OPEN. These peace-loving girls spent the year talking about difficult issues present in our world today.

In Quiz Bowl there was a lot of buzzing going on. Laura Lee led the team as president, with help from Pauline Lewis and Rachel Price. These brainiacs met every week to catch up on their knowledge in Mr. Croker's classroom. The girls went to a tournament at Vanderbilt and also held their own on the HH campus.

The Best of

Politics and everyday issues: YIG, NSAA, Real World

Youth in Government and National Student Advocacy Alliance (NSAA) focus on issues in the political world while Real World deals with diversity and real life issues. During the year, these clubs participated actively in the community. President of YIG, Austin Jones, worked with club sponsor, Tony Springman, to bring many members into the club and attend the Model UN conference. The Real World Committee, led by Kim Hogg and supported by Mrs. Girgus, held many "brown bag" lunches, where speakers on different topics were asked to talk about their lives during lunch. Such speakers talked about issues in their lives such as discrimination, deafness, gypsies, apartheid in South Africa, and other serious matters. Even members of our own faculty, Marina Carter and Fatima Barnes, spoke at these lunches. NSAA helped to make the Harpeth Hall community more aware of the candidates for elections this year as a mock election was held here at school. Focusing on exposing the students to political and everyday events, these clubs had most every student involved in their activities.

SOS is an active part of the school community and throughout Nashville. Students travels far and wide to succeed in their motto of being outstanding girls in the Nashville community. Austin Jones, President of SOS this year and Ann Saylor, has always has been there for anyone willing and wanting to take on a new volunteer opportunity and willingly throws out opportunities very often in the Spirit of Service folder with 100% student body participation. Harpeth Hall participated in changing 40 families lives with the angel tree and helped out at the Magdalene house.

When asked what some of the big projects this year were, Austin Jones quotes, "The Dismas House was a new project we took on for the year. Kimia Ferdowsi, Margaret McNeilly, Abby Sinks and I went once or twice a month and cooked for the men and women just out of prison dinner. Emmie Granbery and Sara Morris headed up projects at St. Lukes. Camille Grote went to Julia Green and tutored all year long, Katie Smith and Anna Poss headed up Time to Rise tutoring."

Ambassadors
The Directors

Ambassadors this year, as always have been busy reinforcing and showing visitors from other schools our campus and other fine attributes. These students are interviewed by Mrs. Maxwell veering towards the end of the year and plan to be guides and directors for the following year. These students are known to have pride in their school. They are students that come on the weekends when we hold open house for visitors. They volunteer their time at graduation and Step Singing. These girls are the behind the scenes type who share with the school and its visitors why we are tops in the state.

On Valentines Day, Grace Herbert and Maddin McCord pose in their couples day outfits. They do look very wacky, yet still very proud to be Ambassadors.What wonderful representatives they are, always thinking about their love for the clubs in which they are a part.

Minds in Motion. Taking a seat in the Junior lobby, Junior representatives Ellen Davis and Katheryn Dennison ponder the latest idea presented at a student council meeting. Student Council members must never have an idle mind because there are always controversial topics at hand. Without leaders like them, Where would our school be?

Constant Organization. Hays Brandon, US student council Forum Leader,sets up office in the Senior House. Being Student Forum leader, she has made great strides in making changes according to the needs of the students. A cell phone is a necessity during crunch time.

US Student Council. With support from Marie Maxwell, the upper school leaders, Corinne Hartong, Helen Ramsey, Molly Campbell, Maggie Diehl, Elizabeth Conrad, Ellen Davis, Abby Lipshie, Katherine Dennison, Hadley Hines, Amanda Powell, Lauren Salerno, Raleigh-Anne Blank, Hays Brandon, Tori Tucker, and Colleen Judy, strive to spread spirit throughout the 2002-2003 school year.

Walker-Dinkings, E. Johnson, G. Gioia, O. Burd, Neely, M. Nichols, M. Wiseman, N. Ishmail, M. Mullen, M. Terren, M. Meador, Maloy, J. Brown, K. Angell work hard to make their school a better place.

Student Council

Upperschool

Like Atlas, from Mythology, held the world on his shoulders, Student Council acts as the foundation for the entire school year. Each year new additions are made and leaders come and go, but no matter who is in control they always share a common goal. It is to make each new year better than the last. Without the organization, diligence, and creativity of Student Council, we would not be as successful as we aretoday. This school year, the student body is led by an amazingly dedicated group of girls. Each person adds new insight and uniqueness to the job at hand. Much like Raleigh Anne, Student Council President, will always be remembered for her contagious positive attitude and her ear to ear smiles down the hall. Raleigh says, "The council continued old traditions, while implementing their own. We managed to better old projects such as Concert on the Lawn, the Halloween Dance, Winter Formal and the Valentine's Dance, while setting a precident for the following September 11th memorials, implementing Student Forum and starting the Powderpuff Rivalry between the juniors and seniors. The grade representative, nine through twelve, and the reigning leaders all contribute to making the 2002-2003 HH upperschool year the best possible.

"Casey Casem said it best on the top forty countdown, 'Keep your feet on the ground and keep reaching for the stars' " Raleigh

Middle School

Middle School years fly by, but the Student Council stives to make the students hold on to those treasured moments. The responsibilities are great including organizing the ever so popular mixers and pep-rallies. Mammie Nichols is the head of the pack, but the others follow close behind. The schoolwide theme of spirit has penetrated our heart and souls, but without the motivation of the Middle School Student Council our spirit would not be near so great. Being part of Student Council is a time consuming endeavour, but it will never be considered a waste of time.

PUTTING IN PRINT

Extra, Extra, Read All About It...

With such an abundance of skilled English teachers, it is no wonder there are so many opportunities for students to get involved in writing publications. The Upper School has both *Hallmarks*, the literary magazine that comes out twice a year, and *Logos*, the school news paper that comes out quarterly. With all of the work that goes into the publications, the Upper School girl s get to have a little fun, too. Journalism students are given the opportunity to travel to the national JEA/NSPA conference each year to places like San Francisco, Boston and Dallas where they get the opportunity to learn from other students and experts. The Middle School also has their own literary magazine as well as the student newspaper, *The Cub Chronicle*. These publications are ways for students to submit their work for their peers and teachers to read, either out of enjoyment or to get a better view of what is going on in the community.

Middle School Literary Magazine editors, English Taylor, Charlotte Sublett, Lillian Simon, Mary Tek, Annie Tipps, Becca Hill, Catherine Highman, Kaitlin Ray, Caroline Tanner and Diane Uwamahoro pose for a picture, sponsere Mrs. Keller. Milestones

A Society of Stoners...

Through the selfless giving of sanity, sleep, food, afternoons, free periods, mornings, breaks, famililies, friends, dates, blood, sweat and tears, the Milestones staff stops at nothing to bring you the best possible yearbook. Lead by sponsor Martha Grace and Editor-in-chief Maggie Waltemath, this relatively rookie staff comprised of 27 girls, works hard to live up to the creativity of the past yearbooks. Harpeth Hall is certainly one of few places in this world where it is with honor and pride that you can say "I'm a Stoner". Though it may look like a simple process, any Pagemaker user will tell you that it is in fact not. Each Stoner has had her own share of technical difficulties, sessions of screaming obscenities at computers and frantic scrambling to meet each deadline. Procrastinators beware! This years staff has worked dilagently to have their pages in even before their due date.

With only six returning members from last year, this years staff had to learn a lot, very quickly. The average yearbook will last 45 years before being lost, stolen, sold or destroyed. All of the effort is well worth the years of enjoyment that will come out it. Each caption

Katherine Provost crops a photo while bowing at Martha Grace's feet.

and word of copy is carefully thought out and edited.

When asked about Milestones, sponsor Martha Grace says,

"This yearbook is backed by the hard work of 27 girls. You would never believe all that goes into making it. I love it because it is a creative outlet and at the same time the result of an incredible team".

Sponsor Martha Grace sips on a Dr.P while quietly comtemplating her next threatening e-mail.

Though they may claim they are not joined at the hip, Whitney Haley and Mimi Rose walk alike, talk alike and always show up at meetings at the exact same time. Here they are on the journalism trip at dinner, both flirting with the waiter.

Patton Visual ARTS CENTER

IN HONOR OF HORTANCE BIGELOW INGRAM

Through the creation of the Patton Visual Arts Center, Robin Ingram Patton (Class of '84) wished to honor the memory of her grandmother, Hortance Bigelow Ingram, who made an indeliable imprint on her life at Harpeth Hall. Mrs. Ingram was active in many parts of civil life, but she was particulary interested in education. When Ward-Belmont closed its doors in 1951, Mrs. Ingram became a founding trustee of Harpeth Hall. She went on to serve a total of twenty-one years on the board, helping Harpeth Hall to grow and thrive. Mrs. Ingram was a leader who gave generously of her time and talent to ensure that the education of young women in Nashville would be second to none. The new building houses three art studios, desgined to take advatage of the northern lights, a photography classroom and darkroom, an art history classroom with slide viewing area, a ceramics room with two kilns, a vedio editing suite, a 125-seat lecture hall, and a second-floor lobby and reading room. AP Art student Mariel Bentz praises the new building saying, "*The new studios are such an improvement! The large windows allow so much natural light into the room, and the new Mac computers in the graphic design lab keep Harpeth Hall on the brink of the latest technology.*"

Confused? Apparently, senior Kimia Ferdowsi and junior Jean-Marie Bibb don't know what to think about the new building.Junior Sarah Mayhan checks out the convenient outlets located along each desk. These power and DSL outlets allow for every girl in the Richards room to power her laptop and have internet connection.

Freshman Stefanie Holland, Hays McWhirter, and Sarah Norton try out the new swivel chairs in the Richards Room.

Head of School, Ms. Ann Teaff, with President of the Upper School Raleigh Ann Blank and President of the Middle School Mamie Nichols, graciously accepts Mrs. Patton's donation of the New Visual Arts Center.

Wanna go back to the 1950's pop era? Then you should have seen the fall musical this year. Colorful period costumes such as pedal pushers and poodle skirts, the Playmakers, and the MBA Players pulled off an amazing series of performances of bee-bopping, finger snapping songs. *Bye Bye Birdie*, by Charles Strouse, Lee Adams and Michael Stewart was presented to eager audiences in the MBA Paschall Theater September 19, 20, 21 and 22, 2002. Every show (five of them) was sold out to parents, students and fans alike. The musical tells the comical story of a pop star, Conrad Birdie, and the last few days before he is shipped off to war. Almost every scene was filled with "screaming fans" and jealous boyfriends. Strouse, Adams and Stewart added more humor with the relationship between Conrad's Managers, Albert and Rosie, and their attempts to make some dough. They also add some spice by throwing in romance, jealousy and a mother-in-law. The full set was designed like a juke box from the rock n'roll era. Accented by blacklights and an amazing sixteen piece orchestra, it was a successful series of performances. Everyone on cast and crew helped for six weeks before the show to build the set for an amazing total of 350+ man hours. A series of platforms and simple steps comprised the main part of the set.

"It was amazing the job that the tech crew did!"

Katie Bowers

"Being a part of the cast was a great experience. Everyone was so talented, and it was like being a part of a family."

Kate Davis

A little birdie told me... BYE BYE BIRDIE

Hunter Mobley, Helen Rankin, Elizabeth Warner, Annie Mulgrew and Allison Stewart smile before the final perfomance

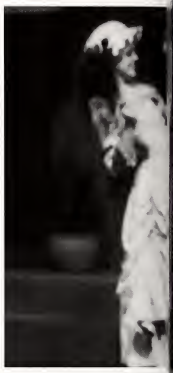

The girls pose before opening in the dressing room. There were over fifty cast members and twenty five crew members in the entire show, along with ten musicians.

Betsy Beveridge hands out posters to the cast and crew for them to sign after strike. The cast and crew broke a record this year for the shortest strike ever for a musical, five hours.

Katie Sears, Hillary Primm, Kate Davis, Melinda Higgins, Christine Taherian and Lauren Powell smile before the curtain goes up. The musical is an oppurtiunty for members of the Harpeth Hall dance club to perform alongside the actresses.

Back to 19th Century Britain is where the Playmakers set the stage this year in the Fall Play. Complete with period costumes and wigs the girls, along with a few boys, pulled off an amazing series of performances of a quientescential time piece. She Stoops to Conquer, by Oliver Goldsmith was presented to audiences in the Francis Bond Davis Theater November 7,8, & 9 2002. Every audience was laughing hysterically at the banter that was going on stage. The play tells the comical story of a daughter and her devious ways of "conquering" the gentlemen her father has chosen for her as a husband. Goldsmith added more humor with the odd relationship between the mother and the son and her material driven obssesion with his courting of her niece. A full set designed like the grand room of an English country estate decked the Harpeth Hall stage. Accented by furniture loaned to the department by the Sinclair family, the eighteenth century look was successfully pulled off. Directed by Janette Fox Klocko, this play was a complete sensation.

Stooping to *Conquer*

Brian Christie puts the moves on the "bar maid" Wesley. Little does he know but in about thirty seconds her farther is going to come in and interupt them.

Laura Lea Bryant, 11th, describes her plight to Matthew and Brian Christie. Mary Chisolm, 12th, and Ally, 9th, beg her to leave, while Matt Conrad thinks of a devious plan in the back ground.

The main characters smile as Jay Howell gives his blessings to the two couples, Wesley and Brian and Laura Lea and Matthew. After overcoming the shock that the "barmaid" he had been flirting with earlier was his host's daughter, Brian readily accepted Wesley as his fiance.

The full cast and crew smile together just before dinner break. One of the most difficult parts of the play was to light the stage evenly and clearly, since there were draperies hanging everywhere.

Mary Susan Sinclair, 10th, delivers the opening monologue with clear precisness. Immediately after her monologue she had ten minutes to change out of this complete costume into one of a different sort, that of a landlord/bar tender.

Upper School Chorus members Margaret Riley, Katie Tompkins, Emily Stewart, Angeline Falls Mariani, Margaret Walker.

Kristen Farr, Tanner Holmes and Katie Smith warm up their violins before the most somber and moving assembly of the year. The string orchestra played in the assembly for the anniversary of September 11, helping set the mood for remembering the victims and events of a year before.

Good-bye Ms. Rothrock

Ms. Rothrock, Upper and Middle School chorus director, pictured here helping her girls stretch out, is leaving Harpeth Hall to pursue her professional singing career. With a cd already out, she is well on her way to being well known in the rest of the country for her talent, but we will not foget her here. Just like Laura Wright said, "There just isn't any other teacher like her at this school, and it will be impossible to replace her."

Seniors Margaret Riley and Katie Tompkins pause for a picture after a glowing fall music concert.

Middle School Music Makers

Under the direction of Mr. Joe Lee, the middle school music program continues to grow. With practices during school for the middle school chorus and orchestra, the girls give up study hall time that could get homework done (And leave plenty of time for AOL in the evening.) With a spring and fall show, the girls have a lot to work towards, especially the awe inspiring preformance in front of the entire school. Violinists Maggie Babb and Cemeron Neely contribute with their violin playing, while Maddin McCord plays the xylophone in a school production, and Bradly Moody and Sabin Nettles plays the clarinet with her fellow woodwinds at the Fall Music Concert.

MUSIC CONCERTS

It is impossible to imagine life without music. From the rap you blast to wake you up on the way to school, to the Nora Jones you play on your way home from a hard day, music plays an essential role in every person's life. It's even harder for these girls to imagine life without music. They make our assemblies more vibrant and enrich the community as a whole. Whether it is by playing in the orchestra or singing in chorus, these students add so much to the school experience.

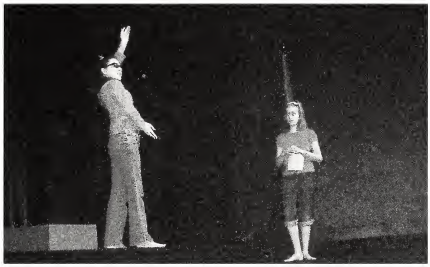

The upper school chorus makes a huge time commitment by having it take up an entire block in their schedule, which includes warming up and practicing with Ms. Rothrock. They have a preformance once a semester that is always a crowd drawer.

Whether it is a sultry jazz or jovial holiday song, the girls are able to come up with a variety of new material for each preformance.

The orchestra adds to assemblies as well as concerts, bringing in the instrumental aspect of the music. Directed, and often accompanied by Mr. Lee, the girls have added depth the the music we hear in assemblies. They are able to add a new twist to songs we hear everyday, introducing the average honeybear to a new type of music. The girls were able to bring new levels to music when they preformed at the September 11 assembly where they provided solemn music to fit the mood of the rest of the country.

It's a chorus line in the Middle School Play. Annie, Emily, Nancy, and Caroline show off their dancing techniques!

Taking a break from her outside productions, Stephanie Rothenberg shares her beautiful singing voice with the school community. Joining her is Catherine Ramsey, you may have seen her big sis in a few upper school productions. Audiences were wowed by the vocal talents of these young ladies.

No, it is not the Rocketts, but you never know who might have a future on Broadway.

Becca Hill and her fellow cast members, Brooke Worthington and Mary Fowler Howell, tap the night away onstage.

On February 7th and 8th, the Middle School presented *Dear Edwina*. Directed by Lynne Rothrock and choreographed by Ms. Hamilton.

"It was a fun, convenient outlet for our energy and talent." -Becca Hill, 8th Grade

"The play was an experience i will never forget. Sometimes you feel like you are dreaming. I was on a real stage, people were watching me, and they actually like what i was doing. Im sorry to say this but most of the parents and teachers acclaimed that this is the best middle school play that they had seen in a while. I am so proud to have been a part of *Dear Edwina*!"
-Olivia Byrd, 8th Grade

"It was so much fun working with all my friends and making new ones as well. Singing, dancing, acting, and even painting the set were great ways to meet new people and have fun! I am definitaly doing it again next year!" -Emma Hunt, 7th Grade

"I think that they play was alot of work, and even though we were all sick and had the flu from working so hard...it turned out to be a great two performances!"

ART art art

THE WONDE

Just Graham

Senior Graham Barton has a passion for the art of jewelry making. It all began at a very young age when she received an add-a-pearl necklace. She adored going to the Ward-Potts each time she got a new pearl, and she enjoyed admiring all of the jewelry in the store. At the age of 12, she really fell in love with the creation of jewelry, and she began to make her own. She has since taken classes locally, gone to New York to study further, and hopes to continue. She was most recently featured at the AP Art Show here (pictured right), and her creations were a big hit! Right now, she gets most of her supplies at the Bead Bungalow, and she is constantly on the look out for other companies or supplies. Her creativity and love for fashion has contributed to her inspiration for new pieces. "Most of my ideas start with my bead collection. I buy beads that I like and by playing around with different combinations of bead and wire, I can usually come up with something unique. I am usually more creative when I don't have anything in particular in mind," says Graham. She makes it sound so simple, but her talent is on demand! She barely has time to make anything for herself, and is constantly creating for others. As for Graham, her favorite item of jewelry is her pearl earrings. "I think pearls are so classic, and I try to use them in my work as much as I can. I wish that my favorite piece was something that I had made, but I never own anything of mine for long enough...I am constantly selling it!" Graham is clearly on the road to success, so look for her as a famous professional jewelry designer in the very near future!

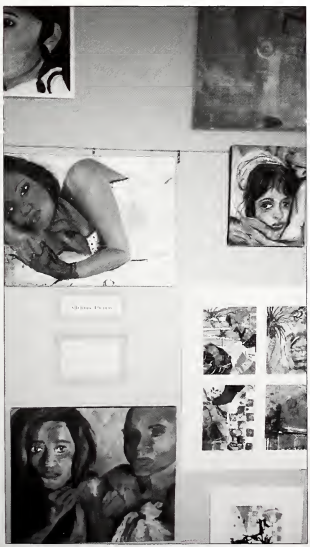

The AP Art Show was a display of individual studies created by each student. These students include L.Sorin, K. Ferdowsi, M. Bentz, C. Peterman, A. Derryberry, H. Thomas, A. Thomas, A. Huitt, A. Cole, T. Nalls, M. Stengel, L. Lee, and G. Barton.

Opening

On a very cold February morning, students, teachers, friends, former students and family of Dugan Davis gathered on the new bleachers to dedicate this building. In full dress uniform, leggings, jackets, mittens, gloves, earmuffs, and anything else that might warm a body, students listened attentively to former students of Mrs. Davis share memories and stories of her years coaching and teaching. Mrs. Davis was the first middle school soccer coach. Mr. Joe Davis made a donation to the school in honor of his mother and her commitment to girls in sports and to help our athletes reach their fullest potential.

Upon the opening of the building, several physical education classes began using the new, improved, and much larger weight room. With new elliptical machines, treadmills, and several bikes cardiovascular workouts reached new levels. The free weight area was expanded and new strength machines were added. It is hard to imagine the little room atop of Morrison Gym use to house the weight room.

Never before has the soccer team had a locker room to go to at halftime. Nor, has any team been able to play past a game or run a meet past dusk. The soccer parents proudly donated lights for teams play into the evening. The complex was home to the first annual senior-junior POWDER PUFF football game. The game went down to the wire, with the seniors victorious.

With just 2 players on the varsity team and 2 on the jv, the MS golfers were a lean, mean group. Cheerleading

This year's middle school cheer squad consisted of ten spirited 7th and 8th graders. The team reached new heights by making difficult stunts such as the twin elevators and liberty, that even some high school squads can't put up. In addtion to these stunts the team also began the tradition of a half-time cheer. The upper school squad continued its tradition of cheering based purely on spirit. With the only requirement being your green skirt and your "spirit" shirt, the team reached new hights of a squad of over 20 girls at some games. S-P-I-R-I-T. Let's hear it!

Team A

MS Volleyball Claims the Prize. This year's team ovecame their "silly mistakes" managing to "put the pieces together" and win the HVAC. Some say a team is only as strong as their weakest link, but this team thought differently. The weakest links did not define the team, but rather their eighth grade leaders. Sumner Morgan, a seventh grade team member, remarks, "We just don't want them to go". When asked what her team's greatest attribute was, Annie Brown summed it up in one word, "EFFORT". Although focus was a key component to the team's over all success, practice was not was their ability to make eachother laugh. Whether they were lying flat on the floor after missing a bump, hitting the net while going for a final spike, or having just aced a serve, this powerful team did it all with 'grace'.

Momentary Pause

As a symbol of putting the pieces of the team together, the MS volleyball team made a puzzel. Each person customized two pieces, one with their name and one representing a component of their team. When the girls came together uniting the pieces, they were inspired to become a real team.

Team B

With tryouts in the spring of theprevous year, the season starts very early, before school has started. With most of the team new to the sport the focus is mainly fundamentals. If you ask any B-teamer they would say that serving is thehardest part. This year's group consisted of 12 seventh graders. Coach Heather Knapp is always on her toes. The team finished it's season 1 game over the 500 mark, with many players looking to be a force on the A team next season.

Momentary Pause

Seventh grader Elizabeth Fuller, says...."The biggest thrill for me is serving. It is really nerve wracking when all eyes are on you and it is up to you to get your serve in. The pressure motivates me to do my best. When you get your serve in the feeling is awesome!"

Though the start to the season was a bit rocky, roll over was never in this team's vocabulary. The girls kicked their way back up the charts to claim a spot in the State Finals. Harpeth Hall didn't walk away with a win, but instead established new record with in the school as the first soccer team to reach the State Championship.The Harpeth Hall Varsity Soccer met the reigning champion Red Raiders of Baylor in Division II State Championship match. After the dramatic quadruple overtime victory over GPS late the night before, the Honeybears fell a little short against a well rested Baylor team. The Bears made a valiant effort, but fell 3-0 as Baylor repeated as State Champions. Stephanie Holland, Anna Mayo, and Huntley Rodes were honored by being selected to the Divison II All-State Tournament Team.

Senior Seniority. Although these girls are all smiles, they had a long and tough season, in which they displayed great leadership that helped lead the team to a first ever trip to the state finals.

Soccer was so great this year! We had a new coach (Coach Wheliss) and he taught us so much. He is probably the reason we won most of our games. We really bonded as a team this year, and I learned that the experiences you share with your teammates are more important than whether you win or lose. We all worked together and accomplished so much during the season. The great thing is that I am really good friends with all of my soccer teammates and I wish I could stay another year and play with them again!

The ankle survived and she is still walking. Maggie McCain beats out a BGA defender to set up a pass to Sarah Weeks. And though it looks like she may break that ankle, Maggie made a perfect pass for the Honeybear attack.

The chase is on, and Lauren Riegle is victorious as she beats her defender to the ball for the game winning goal.

Improving last year's record of 3-3, the Middle School B-team soccer finshed the season a strong 4-2. Rivals Ensworth, USN, BGA and Harding could not survive and fell to the Honeybear attack. Upper School teacher, Dr. Schott, led the girls for a second season. With Bradley Moody (6th) in the goal, almost no team could surpass the bears, proving with her smaller stature that size is no object. Forwards Clair Bartholemew (6th) and Brogan Bronner (7th) were the leading scorers of this young team. US CROSSCOUNTRY

"This is the best cross country team I've had since 1981" - Susan Russ

School is out and you think-summer time. But, for these thirty-five members of the cross country team, it's running-time! From two-a-days in August, to tubing and training in Rock Island, TN, at Camp Jimmy G, the season took off with a fast start. "Rock Island was so much fun," says junior member, Dylan Taylor-Smith. Though it may seem hard to dedicate the last month of your summer to cross country, you still get a chance to have some fun in the sun! Capping off an amazing season, this team won Harpeth Hall it's ninth TSSAA State Championship and the number one position in the state! Marion Granbery, senior, finished third place in the State Championship, achieving her best time ever and crossing the finish line first for Harpeth Hall. The top fifteen runners in the state are awarded to the All State team, giving Harpeth Hall seven positions. These people are: **Marion Granbery (3rd), Allie Bohannon (8th), Katheryn Dennison (9th), Mary Katherine Bartholomew (11th), Jennifer Burn (12th), Morgan Stengel (13th), and Molly McCullough (15th). Marion Granbery** also was awarded to the First Team All Mid-State. On the First Team All Metro are **Marion Granbery, Allie Bohannon, Katheryn Dennison, Mary Katherine Bartholomew, Jennifer Burn, Morgan Stengel.** This season was full of victories and records, but that wasn't the best part. According to freshman, Grace Herbert, *"the best part was being a part of the team."*

Hurdles; A new aspect of cross country: As if running three miles isn't enough, Tippins Stone thinks jumping hurdles should become a part of the competition.

She's fast and furious: Marion Granbery takes her last strides to the finish line, ending her final season with a bang.

If you ask Ashley Ramsen her best sport she would probably answer Swimming. For the first time this 8th grader gave the 1 1/2 mile cross country course a try and WON the Championship! Ever the humble athlete, she puts the success of the team ahead of her own.

A balancing act. Bradley Moody and Phoebe Carver, 6th grade, limber up and get a few last running strategies from coach Dr. Jack.

Their faces say it all. Eighth grader leaders of the long green line show it all as they lead the pack of runners. In the lead is Catherine Higham, followed closely by Kathryn Harvey and Gabby Gioia.

Move 'em over. Kaitlin Ray, 8th, and Glory Beveridge, 7th, set the pace for the race in the HVAC Championship meet. It was a 4th straight Championship for the team.

On your marks, get set, GO! Within this blob of runners is 60 Honeybears fighting for position. Of the top 10 runners, 7 positions belongs to the girls in Green. And, each girl in green improved her time from the beginning of the season.

THHS... had an outstanding season, begining with an start at team camp in the summer, and ending with a state title the following spring. Karen Thompson became the head coach pulling the team together as one. With a 23-4 record, the Bears' season made history. The Bears came home from Murphy Stadium in March obtaining a state championship for the first time in school history. Another major accomplishment was beating the Father Ryan Irish on their home court. As the only senior, Jennifer Price, served as a great role model for the younger girls throughout the season. If you ask any one of the "nike shock" team members how their season went, they are sure to reply, "We lost ourselves in the music, the moment, we owned it, and we will never let it go."

Oh yes... "the Price IS right!"

"The most important thing to do is to have fun"... a quote many people say but never quite live up to, was well lived up to by this year's 5th and 6th grade basketball team. Led by Coach Lael O'shaughnessy, this team's season did not consist of any wins, but rather gradual steps towards achieving many individual team goals. In the beginning of the season, the point total was small, with greater achievements on team defense rather than offense. By the end of the season, these little honeybears stepped it up a notch and made their way into double digits, with the highest point average of the season at their last game. As far as individual play, shooting, ball handling and game sense improved throughout the season as this team became more involved with the game. Jenny Cook, member of the team, comments that being shorter and younger than the other teams may have presented a challenge, but, as Callie Blackburn says, "We had a really good team!"

"We were considered the shorties because all the other teams were so tall."

Allie Bohannon again won her signature race, the 1600 with a time of 5:11.46, barely ahead of Katheryn Dennison, with Morgan Stengel finishing fourth. "The pace was a little slow at the 800 mark," said Allie Bohannon who had the privilege of being on state championship cross country, basketball and track teams this school year. "But you can't be disappointed when we finish 1-2-4 in the event." Katheryn Dennison then took the 800 with a personal best time of 2:17.19. "We had a great start with the field events, and the exciting thing is that we all won this as a team, and that the seniors won their fourth straight," said Coach Susan Russ, "I think the younger girls really wanted to win a state championship for these seniors".

Lacrosse Lacrosse Lacrosse

Lacrosse, more commonly known as Chicks with Sticks, has only been considered a Vasity sport for two years. Nonetheless, the team has a very impressive record competing with a wide range of teams from Nashville, Atlanta, and North Carolina. A team composed of eight seniors triumped in holding the number one seed in the state tournament for the second year in a row. Although the team lost in the championship game to archrival, Father Ryan, they did not go down without a fight. These girls know how to play to the bitter end. Although the games have been known to result with concussions, bloody bruises, pulled muscles, and twisted bones, the determined players keep coming back for more. With a Chemistry teacher and an All- American Notre Dame player as their coaches, the team is bound to be the brainiest and most skilful team in the state. They not only know how to dodge, but they also understand how the law of physics relates to each pass.

Powder Puff Football Game

Powder Puff

Started by the student council, the first annual Junior-Senior Powder Puff Football Game was a great success. Initially, the game was intended to be a competition between seniors from both Harpeth Hall and our neighboring all girls school Saint Cecilia Academy (SCA). The SCA student council, however, declined our invitation. As a result, the game became a competition between HH Seniors and Juniors, and a fierce competition it was. Practice for both the Junior and Senior teams, which were lead by recruited MBA football coaches, began over a week before the big game. Once on the field, each team proved to be both well practiced and ready to take the victory. The seniors initially took the lead with two quick touchdowns, but the Juniors soon closed the Senior's large lead with a touchdown of their own. In the end, seniors came out on top with a 14-12 win over the Juniors.

Assemblies

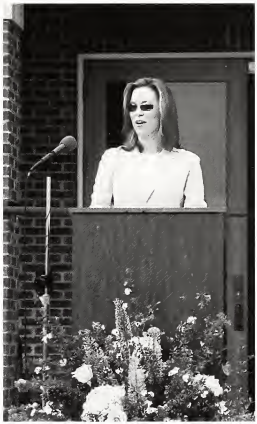

It's the one break during the school day. The time to throw your books into your locker, tuck in that white button-down oxford-cloth shirt, and head to the auditorium. Every Thursday is assembly day. In the school year 2002-2003 we had many visitors like the Dodecs of Vandy, the visiting writer Mark Jarman, Amy Grant talking about her life, and those good old student council assemblies in which several Harpeth Hall students yearn for a plaid spirit bean bag. During assemblies we learn from the life stories of others or we are entertained by seeing magic tricks and guys serenading us. We also find ourselves laughing at Raleigh Anne Blank's random antics on stage. And who will ever forget the woman who came to talk to us about choosing what's right for us, and getting it (just like she got her purple monkey to sit on her shoulders).

Amy Grant tells the girls of her alma mater about the days before she was well known.

Robin Ingram-Patton gives a speech about her grandmother at the opening of the new visual arts building.

The girls in plaid head down to one of the many assemblies in less than dress uniform.

Mr. Lee conducts his first year band in "Hot Buns Cross".

Welcome to The Secret Ga

Stone walls. Ivy covered columns. A fountain surrounded by flowers. This year the junior class transformed the Gallery into an English Garden, resembling the garden from Frances Hodgson Burnett's book *The Secret Garden*. Taking great care to keep costs at a minimum, the entire gallery cost less than $2000 to put together. The juniors took their theme and revamped the gym and gallery with plenty of time left to get ready for the big night. Small crises were diverted when the falling pond was put back in its place, and cinder blocks kept the entry tents from blowing away. By the time eight rolled around, the seniors had already eaten Senior Dinner at the Vanderbilt Marriot, girls were lining up for presentation and the gym was filling up with parents, friends, and students. Mac Pirkle announced the seniors, junior class officers, and prom court at presentation, including his daughter, Virginia. Girls and their dates danced the night away, and over half of the juniors and seniors, along with their dates, were there at eleven when the dance was over. The junior class officers promised to give the same percent of profits to St. Luke's Community House as the percent of people still at prom. Lauren Powell, junior class president, was able to give a check for $5000 to St. Luke's a few weeks later. The night wound down at eleven as girls and their dates streamed into waiting limos that would take them into the next phase of the night.

Juniors Dylan Taylor-Smith and Stephanie Compton smile for Mrs. Maxwell.

Wilson Robinson doesn't quite know what to do when surrounded by some many beautiful girls like juniors Ellen Davis, Abby Lipshie, and Nancy Sisk.

Head of School Ann Teaff continues her thorough search for prohibited sucstances brought illegally into the building. Luckily, Mrs. Teaff can proudly say that she found no such substances, or students influenced by such substances, at prom this year!

Juniors Megan Wallace, Emily Crowe, Jocelyn Lostetter, and Emily Willard have fun on the run way, dancing the night away with their dates.

Senior representatives Abby Sinks and Mary Stengel, accompanied by J.B. Spaulding and Daniel Landman, and Prom Queen Virginia Pirkle, accompanied by Brian Christie, pose for a picture in front of the large fountain, the centerpiece of prom decorations this year.

Swimmers Clare Harbison and Margaret Martin-Lacey take a break from the pool and Ms. Linden's tough workouts to enjoy a might in The Secret Garden.

Junior Hannah Menefee and friend enjoy the peacefulness and beauty of The Secret Garden.

Student Council President Raleigh Ann Blank hits the dance floor with style, grace, and great moves!

Even placid Mrs. Grimes can be affected by the stress of prom as she helps begin to build the presentation stage.

Tired, stressed, and overworked, Presenation Committee head Ashton Alexander and class VP Annie Little put on smiles to get the job done well before the big night.

Getting ready for the big night!

Juniors Jean-Marie Bibb, Erin DeBruyn, Elizabeth Atkinson, and Emily Dean sure do clean up well! They look fabulous despite the grueling hours they have spent at prom build earlier that day.

Lauren Dagley *really* loved the Secert Garden Theme!

Even Decorations Committee head Sara Darby has to force a smile the morning before prom.

Betsy Buntin and Ellen Green try to disguise themselves and sneak away from prom build.

Middle School Mixers

Anne McWhirter

The one thing everyone knows about Harpeth Hall is that it is an all girls private school. Twenty-four hours of the day you are surrounded by those of the female sex, with only a quick break due to male teachers that are a rare occurrence.

Georgia Beady

From fifth to sixth grade the girls are out of luck. However, as soon as they hit the higher status of the elders of the middle school (in seventh and eigth grade), they have a chance to mix with the male species of Montgomery Bell Academy.

Elizabeth Ruller

Every now and then on the weekends, Harpeth Hall and MBA sponsor a middle school mixer. Itís a time to dance, eat, and have fun. And for the girls of HH, itís a time to meet the guys their age that they donít go to school with.

A time generally looked forward to by the young girls of Harpeth Hall, girls get to intermingle with boys, and have the chance to make friends with those other than females.

Ellie Maloy

Ellie Malloy and Mary Beth Meador take a break from the dance floor and have a siesta under their umbrella.

Not as willing to get their bottoms dirty, the girls stand back as the boys get down and dirty on the dance floor.

Ready for a night out on the town, this group of girls get ready to show these guys what they got.

These two girls show they are more than just girly girls and flex their muscles while doing numerous pushups, really, they are doing the worm.

Just battin' around. In anticipation of the flood of children about to enter the carnival, Kellyn Angell, Nina Banfield, Brenna Newport, batwoman, and Jasmin Klocko take time to pose for a last minute picture before the little goblins arrive.

Glenda the good witch. Though the pointed hat and wild hair may be misleadeing, this sixth grader embraces her guests and the Halloween carnival in a gentle matter.

Candy Conferencing. Deciding how to arrange the candy in the bowl appears to be a daunting task for these girls. However, in the midst of the chaos, Sarah Dolan, mouse girl, Ellie Del Favero, and Madison Jones magage just fine.

Our very own protester. Harpeth Hall supports our first on campus war protester, Suzanne Howell. She takes a rest during the Halloween Carnival to give her legs a break.

GOOLISH GIRLS...

Clowing around. Elizabeth Brittain justifies her naturally funny personality with her awesome clown costume, while she works the popcorn hand booth.

Mary had a little lambs. Mrs. Clark cares for all of her students as though they were her lambs, so this Halloween she wore the outfit to fit her personality.

The Flower Child. These precious little girls blossomed through the carnival. Who could resist showering them with sweets?

Ranging from gouls to goblins to gowned princesses, the fifth and sixth graders mask themselves for an afternoon of fun. The lower middle school tackles the task of morphing the dining hall into a carnival each year. This year, however, they did it with flying colors, black and orange of course. The girls have many regulars who make the Halloween carnival an annual celebration as part of their autumn festivities, and the middles schoolers love providing it for them. The lives of fifth and sixth graders are very busy, but they take time to work together and throw a spectacular event. They provide many games and prizes for their young attendees, and they never forget to dress up. Its all about the costume. That is exactly it, never! When costuming for this carnival, the girls do not hold back any reserves. But, what is Halloween without the candy? The young ladies of the Hall shower their little tricker treaters with tons of candy. An assortment of chocolatey, gooey, crunchy, and fruity candy fill bowls and bowls on end. If one of their costumers leaves Harpeth Hall without fulfilling their sweet tooth, their job has not been done. The Halloween Carnival is another wonderful tradition and the girls stive to make it a rememberable experience for everyone who attends.

Halloween Carnival

Grandmothers' Tea

Perhaps the most long-standing tradition at Harpeth Hall is Grandmothers Tea. For more than thirty years, near the time of Thanksgiving, the girls have invited their Grandmothers to show off their school, friends and teachers. It is one of the much loved middle school events where grandmothers and special friends travel from as far as California to see their granddaughters all dressed up in their starched white oxfords and their pressed plaid. Once everyone has arrived, they all cram into the auditorium to enjoy a fun- filled afternoon of performances and awards. These awards typically go to the grandmother who traveled the greatest distance to be there or who has the greatest number of grandchildren at Harpeth Hall. The performances consist of choral, orchestra, and dance. Following the entertainment, they all move to the gallery and take a load off, sipping on tea and munching on the finger foods. Socializing is a much enjoyed part of the day, while students eagerly introduce thier grannys to their favorite teachers and best friends. Smiles are cheek-to-cheek on all who attend this great event, thats for sure! (Pictured top left, beginning at bottom) Grace Wright, Samantha Williams, and Cameron Neely.

Seventh and eight grade chorus members share their talent with the special guests.

Caroline Ashton shares a snack with her grandmother at the first of many Teas.

Performing their dance, Teddy Bear from the Fall Dance Concert, Lacy Broemel, Jane Marie Brown and Sarah Schutt show their stuff center stage.

Elizabeth Full with her mother, Mary Harris, our Herff Jones representative, take a break and entertain her guests, her Aunt Betsy and her two grandmothers over some tea!

Cydney Smith and her grandmonther seem to be sporting the same hairdos!

GEORGE WASHINGTON DAY

On February 20, the entire school crowded into the gymnasium to watch the fiftieth consecutive performance of George Washington Day. This year George Washington Day not only continued its time honored tradition of celebrating George's birthday, but it also honored the astronauts of the Colombia Shuttle. As the tradition goes, each member of the seventh grade class plays a roll in the celebration. There were sailors sweeping the deck, soldiers marching, and ladies and gentlemen gracefully dancing to the minuet. English Taylor portrayed George Washington, accompanied by Annie Brown as Martha Washington. Eager to make this day different from the previous year, new marches were put on by the soldiers and even more splendid costumes were worn. And who could forget the array of songs? From "Yankee Doodle" to "The World Turned Upside Down," the seventh graders sang these famous tunes. Even the audience was lip singing along, as older Harpeth Hall students remembered their own celebration of George Washington day in the past. With the recent tragedy of the shuttle, the dedication to the "heroes of the Space Shuttle Columbia" added a patriotic touch to the very American day. From the famous lines of the French Ambassador, Lauren Zielski, to the loud orders of Lacy Magee, the Captain of the Guard, this class added another celebration of Washington's birthday to school history.

Company Halt: Laura Goetzman, Shelby Bridwell, and Blake Stadler steadily keep their right foot in front of their left as they keep perfect soldier formation in their performance.

Though the French may not be favorites in America right now, Lauren Zielske left a long lasting impression on the audience after her smoothly delivered speech as the French Ambassador.

Elizabeth Ward tells the tales of the many adventures of an American gentlemen during the 1700's.

Sing Along: The dandy Allie and Bracken belt out the words to Yankee Doodle.

Not Quite Boot Camp: Following the Captain's orders, these soldiers were able to form the difficult star formation that has been a tradition for the soldiers for many years.

Soldiers, sailors, ladies and gentlemen in period costume after the class honors past presidents in this annual tradition.

Twin towers, Caroline Sanders and Samantha Williams, stand tall and proud as they prepare to dance the minuet.

Game of Patty Cake: As Elizabeth Fuller and Rachel Cochran prepare for their game of patty cake, Maddie Teren tries to focus on the sailors performance of swabbing the deck.

Fifth Graders traveled to the Land Between the Lakes in Kentucky for their class trip. These thirty three new additions to Harpeth Hall met each other and became friends while camping out. They had bonfires and did activites to unite this class of young honeybears.

Sixth graders took a trip to Philadelphia this year. They went to tourist atractions like the Liberty Bell and Liberty Hall. They also went to Lancaster County and saw the Amish community. They visited the battle of Gettysburg and the aquarium in Baltimore. After touring the city of Philadelphia, the girls ate at the famous Hard Rock Cafe.

Seventh graders took their class trip to Camp Laney . They grew closer bonds by doing the low ropes courses and trust activities. These outdoor gals also went canoeing and rock climbing. To finish the retreat , they had a big bonfire after completing the high ropes course and had a lot of fun.

The eight grade took their traditional trip to Chicago during the spring. They went to the Chicago Art Museum and saw post impressionism artwork. The girls ate at the California Pizza Kitchen and Ed Debevic's. As a whole, the favorite activity was the Blue Man Group Show where the girls were entertained by three men painted blue.

These fifth graders work together to solve a puzzle during their retreat. The girls were all new to Harpeth Hall and made friends quickly.

This group of hungry 8th graders eat their meal at Ed Debevic's and celebrated Emi Mimms's 14th birthday. Mary Olivia Mullin said "Ed Debevic's was so much fun because we got to pig out with all our friends."

Cameron Neely, Lauren Poole, Caroline Tanner, Kaitlin Ray and Catherine Higham take a Kodak moment in front of the Chicago Zoo. Lauren and Caroline are just monkeying around.

Anna Rose Heyman quietly reads while waiting at the airport to depart for Chicago. She is distracted from her reading by her anticipation for the eight grade trip.

JURISDICTION
Mock Trial

You won't see the mockies clad in plaid, but instead they sport anything from tailored suits to blue leapard print hot pants. This years witnesses consist of a distraught southern belle girlfriend (**Maggie Waltemath**), white trash hairstylist (**Catherine Beckner**), "Avril Lavigne-esq" defendant (**Jessica Kinnard**), ROTC soccer player (**Katie Atkins**), gang member (**Brittnay Northcross**), passionate artist (**Lauren Dagley**), disty UGA fan (**Anna Gernert**), Jenny's worst nightmare from Brooklyn (**Pauline Lewis**), 4H member (**Anna Poss**), aerobics instructor (**Kim Alfery**), daddy's little girl (**Kate Davis**), and a race car driver fanatic (**Jean Marie Bibb**). The Junior lawyers are **Ashton Alexander**, **Laura Lea Bryant** from the Green Team and **Anne Wyatt Little**, **Emma Harwell**, **Hannah Menefee**, **Ana Nettles**, and **Katherine Dennison** on the Silver Team. The tow devoted alternates are **Augusta Cole**, and **Anne Lawrence Chenery**.

The firm of Bowen, Riley, Warnock, and Jacobson supplied the Harpeth Hall Mock Trial team with two brillant lawyer coaches **Amy Everhart, Josh Perry,** the third coach is **Louise Fontecio.** Gratitude must also be given to **Tim Warnock, Steve Riley,** and **Corey Johnson** for being guess judges. All of these busy and successful lawyers give the mockies their free time away from work with countless hours as they coach and advise the girls.

Practice Faux Pas

Katie Atkin's first priority is her hot pink nails instead of memorizing her direct.

Caroline Johnson bites her nails and Margaret Riley gnaws her lip as Ashton Alexander sits back and relaxes despite the rising tension in the room.

Jean Marie Bibb is engrossed by the drama that is unfolding between Mr. Darcy andElizabeth in Pride and Prejudice.

Lauren Ezell is brought to tears as she receives The Best Avocate Award in the city competiton.

"This is the eighth time in the last ten years that a Harpeth Hall team has won the city competition and the second year in a row that we swept the competition with first and second place in the city competition"
- Amy Everhart

"Little Miss Goody Two Shoes," Maggie Waltemath, swears on the Holy Bible that she will tell the whole truth about her weekend on the SSU campus.

Mr. Steven Riley acts as a guest judge for many of the practices and dress rehersals. At this practice he seems to be upset with the fact that Margaret Riley and Catherine Beckner are passing notes.

The Bold and the Beautiful
Competition

This year the Intramural Clubs got fiercely competive. As always, each club had the will to win that would not be beat, but as always, "you gotta wanna win." The Presidents and Vice Presidents of each club were dedicated to their jobs and to winning the final "song" competition at the end of the year. Each club worked hard day in and day out during exam review week to get their club song perfected. Triads, led by Megan Turner - President and Alison Oldacre - Vice President, came out on top this year. The Triads not only won the song competition but also won best club of the year. Other presidents and vice presidents of each club included Lyndsey Johnson - President and Sara Morris - Vice President for the Aristons, Graham Barton - President and Sara Isenhour - Vice President for the Eccowasins, and Katie Tompkins - President and Catherine Beckner - Vice President for the Angkors. The club song each year is known to be the biggest competitive event and each club practices for hours on end. Each and every spirited club worked hard and did a lot for our school this year.

The Angkor's showcased their favorite teachers through out the club song.

MS Club Competions

Intramural clubs were brought back to the middle school this year with a bang In the best field day competition to date, the clubs competed . The leaders for the winning Triad club were Sarah Zimmerman and English Taylor, Ariston club leaders this year were Caroline Tanner and Jessica Lavender, for Eccowasin Mary Tek an Annie Tipps took the lead and Kaitlin Ray and Caroline Hallemann oversaw Angkor. Each student participated in the competition and gave their all. Congratulations to th Triads once again! Triad Leader, English Taylor Quotes, "All of the competitions wer great, especially field day!! The triads won for the entire year in the middle school." Lisa Howard quotes, "It was a lot of fun, and gave a good insentive to go to the games!" Eccowasing leader, Mary Tek quotes, "i guess i can't really give my input or how the clubs went for everyone who really experianced it, but i loved putting it together. i think its great that the middle school has finally taken them back!"

"I'll keep a part of you with me, and everywhere I go, there you'll be..."

Lady of the Hall, Raleigh Anne Blank, gave the audience a few good laughs during her speech. She joked about how her mother told her, "this is the most important speech of your life!"

Rebecca Spigel obviously did not memorize the senior pledge, since she had to read right of the card. Juniors were led by Class President Mary Ramsey in stating he senior leadership pledge.

Step Singing

"In My Life, I Loved You More..."

Due to the threat of rain and bad weather, the Francis Bond Davis Theatre was bombarded with upper classmen dressed in white sun dresses. The seniors proudly walked onto the stage, while the juniors sat front row in the auditorium. The seniors sang "In My Life" while the juniors chose Faith Hill's song, "There You'll Be." Lady of the Hall, Raleigh Anne Blank, gave a comical speech and was followed by Mrs. Naomi Tutu, daughter of the famous Nobel Peace Prize Winner, Desmond Tutu. Mrs. Tutu spoke about her fifth grade daughter at Harpeth Hall, and the future each of the seniors have to look forward to. The juniors, following a Step Singing tradition, said the senior pledge, promising to "leave the campus more beautiful than it was given to us." The ceremony commenced with a beautiful procession of the Lady of the Hall, the reperesntatives, and the flower girls.

"...something should be said about Christina's amazing speech. her writing always blows us away because she is so creative and it was really really touching to all of us."

-Lindsey Rollins

Eighth Grade Speaker
Voted by her classmates, Christina Jeziro was selected as the class speaker. She spoke on growth, change, and loving a place she once did not.

After processing the aisles of the auditorium, Lauren Poole, Lindsey Pomeroy, and Reed Panky await their classmates to join them in the grande ceremony and tradition.

Ashley Manson, Anna Katherine Malony, Jessica Lavendar, all smiles and proud to be graduating.

Highlights

Austin Jones was selected by her classmates to be their graduation speaker. She is known for her audio school-wide emails that are filled with comic delight. The Seniors knew she would make for an entertaining evening. She introduced the crowd to the strength and wisdom that the school has instilled in her. She went on to tell how she has had to use these tools when speaking up for herself in daily situations, and in one specific situation at the tanning bed . She reflected on the memories of the past and the attributes that the Class of 2003 will bring to the world in the future.

Mariel Bentz, Graham Barton, and Katie Atkins laugh while Austin Jones speaks of memories and experiences they know all too well.

Huntly Rodes graciously accepts and scurries back to her seat, just the way Mrs. Barringer taught her.

Memorial Day

Although the weather did not hold out for Step Singing the night before, the seniors could not have asked for better weather to walk down the green grass of Souby and accept their diplomas on the steps of the Ann Scott Carrol Library. It was not too hot or too cold, and not a single drop of rain dampened the mood of the ceremony.

Rachel Price is awarded the second academic award by Mrs. Teaff. Rachel will proceed onto Princeton University in the fall to further her academic career.

Mary Chisolm and Allison Chandler process down Souby Lawn with the rest of The Class of 2003. The seniors were able to walk their last steps as students at Harpeth Hall in pure delight.

so, Austin Jones gained an honorable mention as ing the first graduate to attend the United States val Academy. The top three academic awards nt to Laura Lee, Rachel Price, and Mary Chisolm. rpeth Hall's most prized title of Lady of the Hall was arded to Raleigh Anne Blank.

It was evident by the laughter and the tears that re shed upon Souby Lawn on Memorial Day that s group of seniors will be well remembered and tremely missed as they travel on to college and into ir chosen paths.

"How do you measure...measure a year?"

Lauren Ezell and Clair Crozier's faces show the large array of emotions that the seniors were experiencing during this milestone event in their lives.

Catherine Beckner, Margaret Riley, and Katie Tompkins sang their last song, "Seasons of Love", as members of the Upper School Chorus.

SUCCESS

To laugh often and much; to win the respect of intelligent people and the affection of children;

To earn te appreciation of honest critics and to endure the betrayal of false friends; to appreciate beauty; to find the best in others;

To leave the world a bit better whether by a healthy child, a garden patch, or a redeemed social condition;

To know even one life has breathed easier because you have lived,

THIS IS TO HAVE SUCCEEDED.

Raleigh Anne...Remembered by your classmates for pats on the back or that contagious smile; remembered by your teachers and coaches for your perseverance; remembered by Harpeth Hall for transmitting "this school not less, but greater, better, and more beautiful than it was tranmitted" to you. And,remembered by your Mom for your unparalleled integrity and with so much pride for all that you have accomplished. Thanks for letting me be a part of this journey -- keep your zest for life and know that you are loved.

All my love, Mama

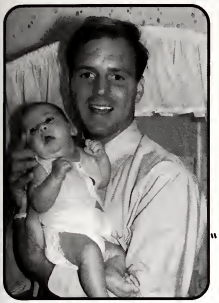

You will always be our shining star. Good luck in discovering the world, it is waiting for you. We love you.

Dear Katie,

All of these pictures remind me of your love for life, your laugh, and your awesome smile. You are lucky to have great friends and so many interests. Life is never dull when you are around and I know this next big step in your life will be wonderful. Always remember "You are in my heart, you are in my mind and my arms are locked around you."

We love you Katie!

Mom, Eddie, Tee and Rich

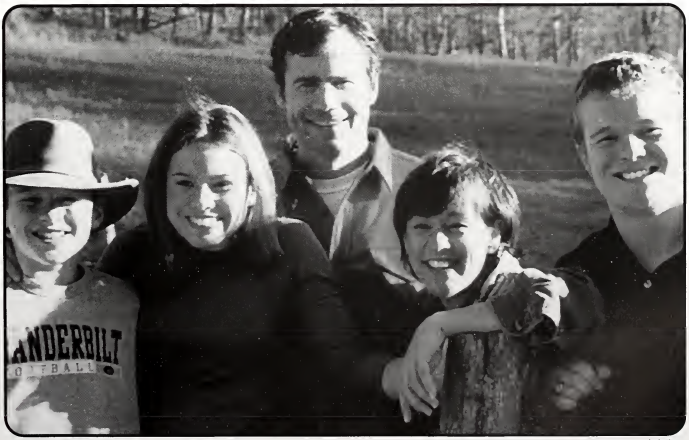

" Character is like chiseling a statue; one has to knock off huge hunks of selfishness, which requires sefl-discipline. Only then does character begin to emerge."

Live your life so that your children can tell their children that you not only stood for something wonderful - you acted on it.

When we recall the past, we usually find that it is the simplest things-not the great occasions-that in retrospect give off the greatest glow of happiness.

Elizabeth,

As you embark on this next journey, we are with you always. Have a wonderful trip.

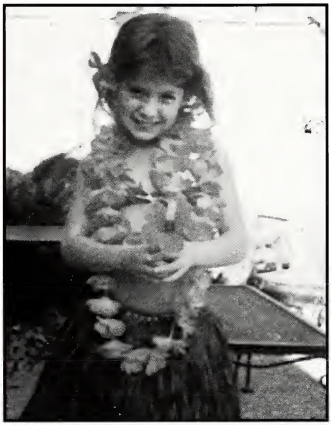

All our love,
Dad, Mom, and Charles

Maggie,

You have been our joy and happiness, our entertainer, cheerleader, clown, beauty consultant, and thoughtful daughter.

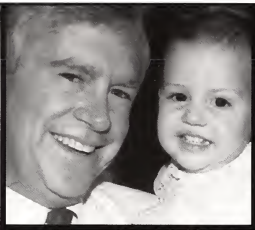

May life bring you the happiness and cheer that you have brought to all of us!

Love, Dad and Luanne

And some parting advice...you arrived in the world from parents who adored you, keep this love in your heart...you have been fortunate to have Poppy and Big Dede to lean on, stay in touch...you raced for Robin so that others may live, keep running...With Skeeter remember that Cotton is King, laugh often...Lee, Lawrence, and John (and their families) are wonderful siblings, bless be the tie that binds...and Barbara, Bill, Kimberly, Daniel, Dede, Andy, and Mark have surrounded you in so many ways, count on them always...and stop and smell the roses. With love from your entire family!

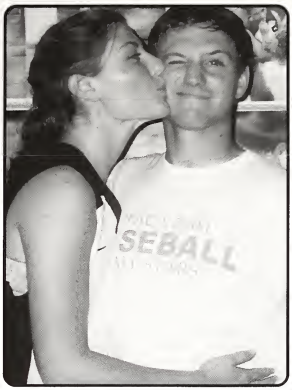

Phillippians 1:3
"I thank my God for every time I remember you."

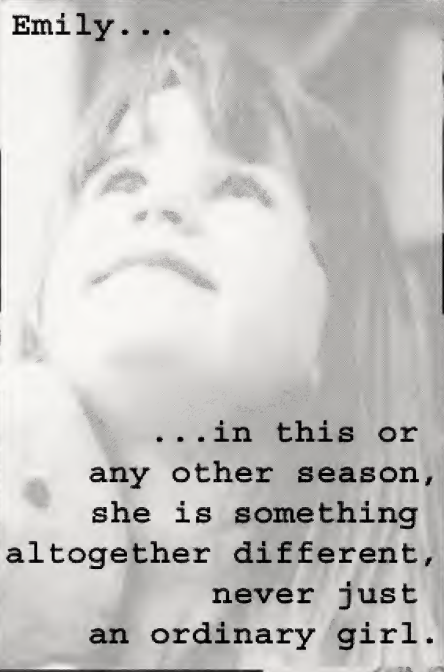

Emily...

...in this or
any other season,
she is something
altogether different,
never just
an ordinary girl.

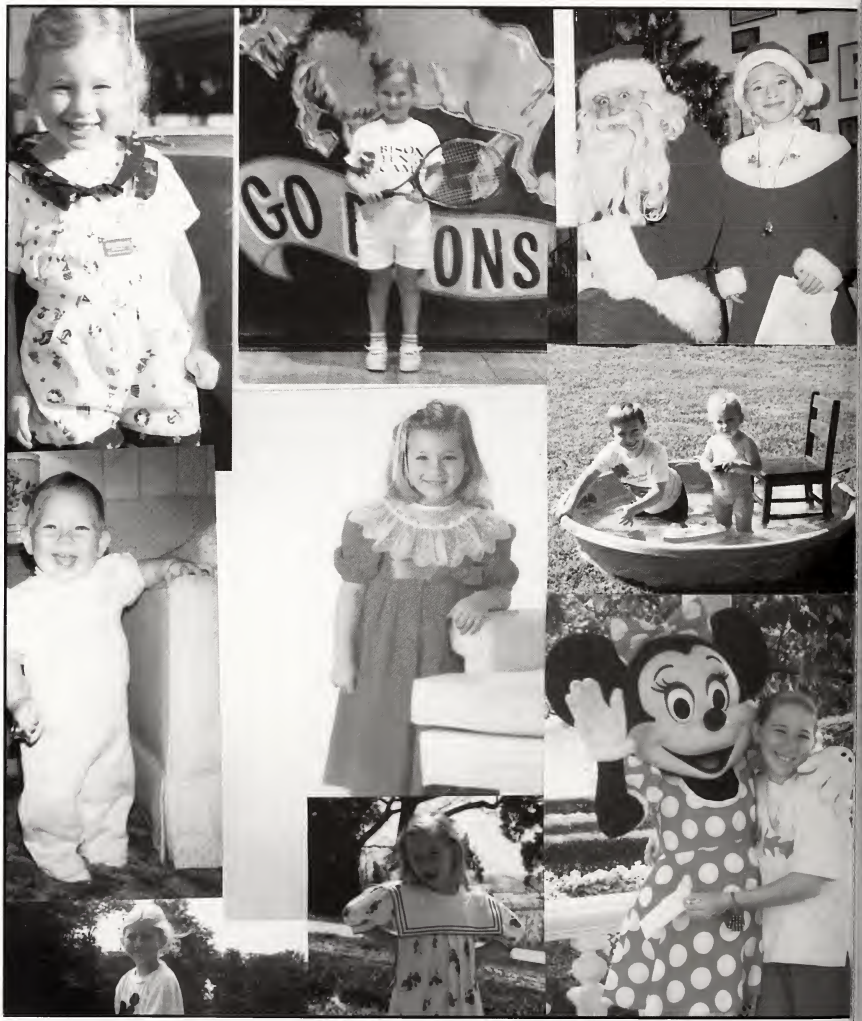

Katie, May you always
be delighted by life...
We love you,
Mommy, Daddy & Lindsay

CONGRATULATIONS RACHEL! WE WILL ALWAYS LOVE YOU.

Life can present some hair raising moments,

And there are some scary times,

But wear a smile,

Feel the sun shine,

Set your own style,

And when you feel on top of the world,

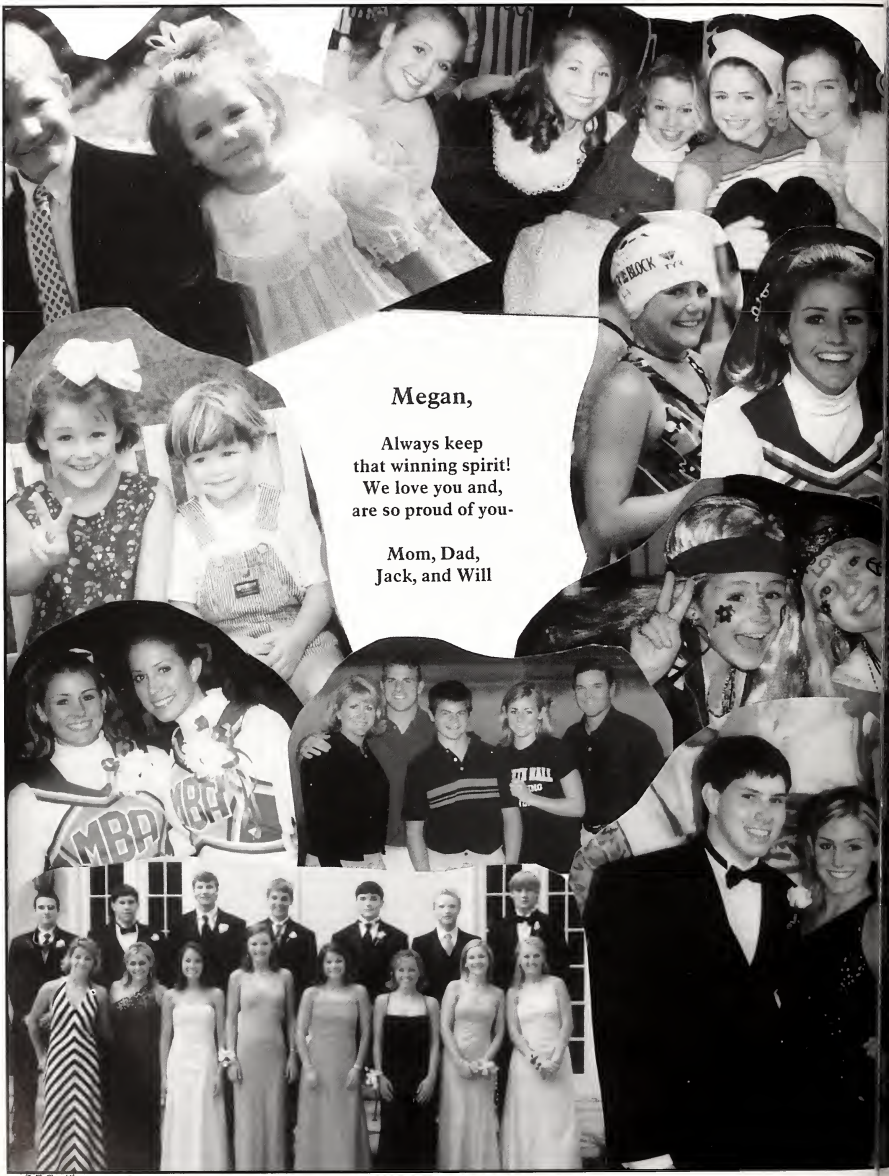

Know the wind changes,

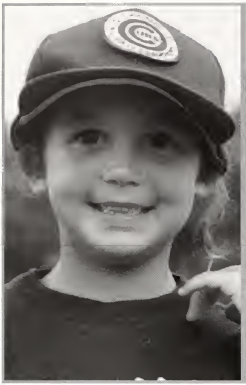

And we wait for your return home.

Best wishes and love from
Mom, Dad, and Andrew

Megan,
Always keep
that winning spirit!
We love you and,
are so proud of you-
Mom, Dad,

The joy in life is the journey, not the destination-

Dear Sara-

As you continue your journey, know that our hearts and love are always with you. We are so proud of you!

With love,
Mom, Dad,
Jonas, Jamaica
and Truman

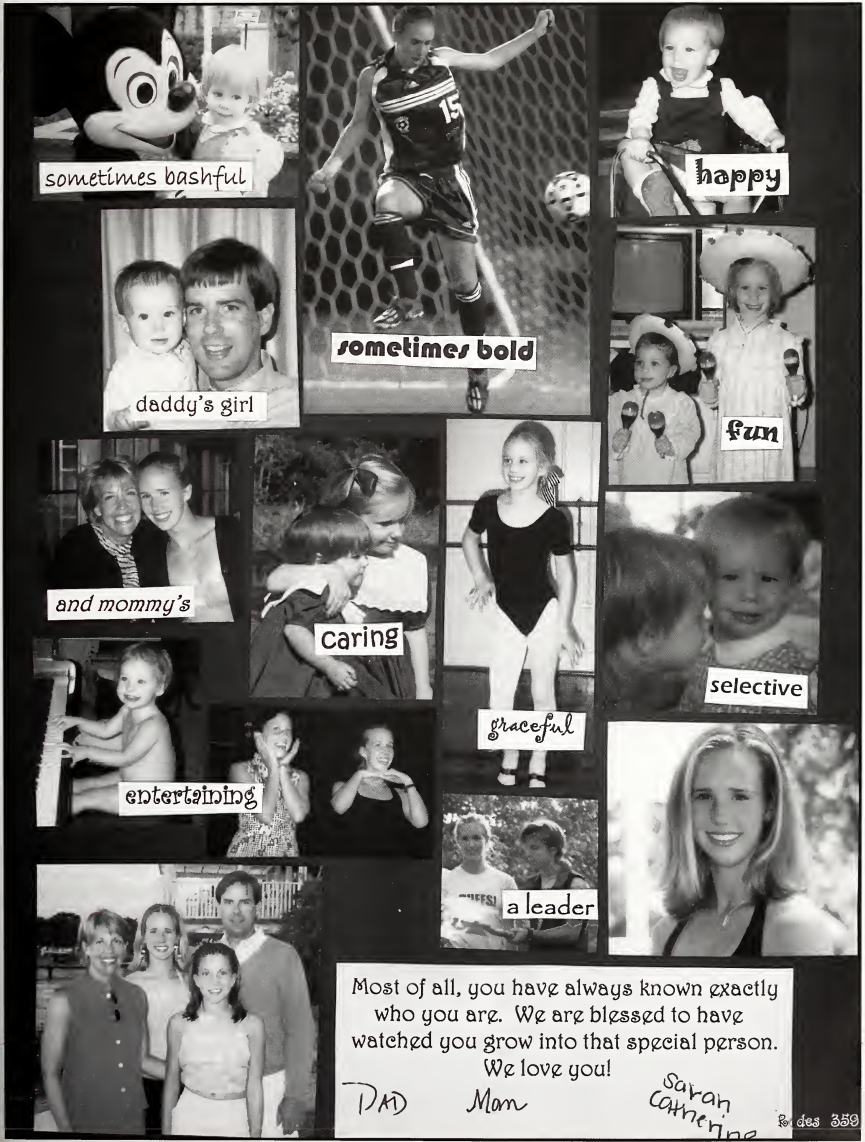

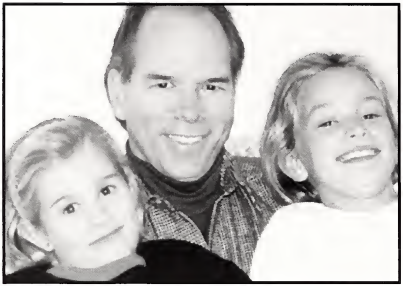

Huntley- You are so many wonderful things...

If ever one could wish for
A person who was much more
Than one could ever wish for,
It could be only you.

Now, here you are at this door,
The one you so long wished for,
Which will soon show so much more
Than what you thought you knew.

What supper will you sing for,
What ventures are you in for,
What wonders now lie in store,
For the graduate, you?

It matters not what far shore
Lies just beyond this new door,
For we are always there for
The one we love - that's you.

Mom, Dad, Anne Clarke, and Rebecca

Better than we deserve.
We love you E.B

THE WAR ON TERRORISM

Over the course of the year, the world's attention focused on a chain of tumultuous terrorist events. In Afghanistan, the Taliban regime fell from power as U.S. troops crippled the al-Qaeda network and cleared caves in search of Osama bin Laden. World-wide, civilians and military personnel fell victim to terrorist bombs and acts of hatred. On the home front, "bioterrorism" became a common term after it was revealed that Iraqi leader Saddam Hussein was producing biological weapons. Hussein's defiance of United Nation's imposed sanctions prompted the United States to seek world support of military action against Iraq. Members of the North Atlantic Treaty Organization wrestled over conflicting opinions on the issue, while North Korean leader Kim Jong Il threatened to deploy nuclear weapons if Iraq was attacked. As tensions rose among political leaders, the world watched and waited to see what the next chapter in "The War on Terrorism" would bring.

One million emergency and military personnel receive Smallpox vaccinations.
