**RE: Helen Mistler
Winterim 2014**

Dear Ms. Teaff:

It is my pleasure to write a letter of recommendation for Helen Mistler. As you know, Helen completed a two week internship in the Division of Cardiac Surgery at the Brigham and Women's Hospital, Boston, MA.

Helen was a pleasure to have at the Brigham with us. She is bright, inquisitive, easy going and interacted excellently with all members of our cardiac surgery "team". She is personable and a very quick learner and asked all the appropriate questions. I found her to be extremely mature, dependable and trustworthy and we all really enjoyed the time she was able to spend with us.

She was assigned editorial work on an invited Symposium in a major journal in our specialty. She completed this in an excellent fashion.

We found her to be more advanced than her age and would welcome her back at any time should the opportunity arise. If you have any questions or comments, please do not hesitate to call or write.

Kindest personal regards.

Sincerely yours,

John G. Byrne, MD
