Dear Dr. James:

I am mailing today. The additional information on Ufer. I had recently mentioned. Had expected to get this to you, sooner. In the same envelope, I have included some items on my father, since he was a native son of Tennessee.

How interesting that Nashville is beginning its third century!! Nashville is a wonderful city. I suppose it is still known as the Athens of the South!

When I was at Wash. Belmont, I didn't see all of the city. Trips were limited mainly to chaperoned trips down town, theater, church and events at the lovely old Ryman Auditorium. One
