***What I remember best about my Ward-Belmont days...**Special, wonderful memories of: Miss Allison, Mrs. Ottarson (latin), Ms. Mann (Algebra; used to cry when we didn't understand), Mrs. Cayce and Catherine Morrison. "Roe" in the day students club house. Joanne Geny Bailey and I shared the "citizenship bracelet" award our senior year. This was a very special thing, especially because we were such close friends.

***What I remember best about my Ward-Belmont days...**The first story that comes to mind is when the then principal of the

preparatory school gave up her full-length black skirt and went around all day in her full-length black petticoat so that the student who wore blue jeans to school could have on proper attire. Mrs. Rasmussen, Mrs. Kendall, and Elizabeth Spencer taught us writing styles and appreciation of literature that have endured a lifetime!

***Where my life has taken me...**Vanderbilt, B.A., Masters and Ph.D. in history. I taught American History at MTSU from 1970-1996. In between I was married and divorced from Ronald Howell. I have a son, Phil. I am now enjoying retirement and trying to catch up with old friends. I keep up with and see many Ward-Belmont classmates, as I live in Nashville.
