R.C.A. BUILDING: A Magnificent structure of 70 stories, is the tallest building in the Rockefeller Center. There are 27 radio studios in the building, among them the largest in the world. Its observatory roof is an expansive promenade 200 feet long.

# POST CARD

THIS SIDE IS FOR THE ADDRESS

We took a walk  
night and saw this  
building. It is not  
so far from our  
Hotel. We saw "Pino  
and Needles" and that  
had lots of laughs.  
We wish we had a bit  
of Oregon's cool weather.
