Dear Coz + Aunt -

You are no more

Old Faithful Inn, in Upper Geyser Basin, was so named because of its proximity to Old Faithful Geyser. From the veranda of this huge structure there may be seen at close range the hourly eruptions of Old Faithful Geyser, as well as displays of many other nearby geysers.

supposed them we are

How I wish you could

be with us to enjoy every

minute of the trip. The

weather so far has been

glorious and the sights -

almost unbelievable. Herb

is in his glory. Taking

lots of pictures. Just been

out looking at Yellow Stone

Falls - and the Canyon. Saw

40 Wapiti Bears and lots of

cubs and the feeding grounds tonight.

Not you are both - well

Love Edith + Herbert -
