

To be honest, I never knew what a World Trade Center was until September 11, 2001.

On the morning of September 11, two hijacked planes crashed into the World Trade Center. When that happened I was in second period, World History.

I still remember the look on the News Anchor's face while saying, "Let see those horrible sights of the World Trade Center's collapse!" When I heard that I was petrified and could barely blink.

People around me were saying, "Why is this happening?" and "Who would do something like this?". While others were in shock.

On that horrible day..... America suffered.
