1-2nd pol.

I was in my 2nd pol Class.
I didn't know what was happening
they took us to the library were the
news and my friends were explaining
what was happening. After that class
all my other classes were focus on
writing a summary of what had
happend on Sept 11. In one of my
classes we wrote a thank you cards
to polices, fire-fighters, ect. To thank
them for all there hard work. I
felt bad for those familys who lost
loved ones. It was all over the
news and newspapers.
