

New York

On the day of September 11, 2002 New York was attacked by terrorist. That day I didn't go to school because I was tired. So I went walking to my friend's house to smoke something and drive around Sullivan in his car. When I got home it was about 10:00 am. I turned on the T.V.. At first I didn't believe what I'm seeing so I woke up everyone in my house. But they also don't believe the Twin Towers were attacked by terrorist.

I felt that our country was attacked because they are scared of ^{The} U.S. and because we are free. It was like Pearl Harbor and want to be a big war because they couldn't do it all by themselves. It could have been China, Russia, or other that help them out. We still haven't got the guy that is the leader of who attacked.
