

Do you still remember the September 11 attack from Afghanistan? I was in Mrs. Martinez class during second period, when the teacher next door ~~came~~ Mrs. Alaniz came in. She said that an airplane crashed into the twin towers. Everyone including me were panicing because what if the planes crash into our school. Our teacher Mrs. Martinez turned on the T.V and the news reporters reported that it was a man named Bin Ladin who hated the United States. My friend Graci Estrada was talking to me that she was scared because her brother was in New York. It's going to be a year already and some people are still scared that it can happen again.
