

~~June~~ April 27

These slides are from the Kings
Day Parade which began on Hall
and Panorama and went to Big
Cates Park. This was a parade which
involved all community groups. It
was a really big deal for our
community. The car in the parade
carrying the Neptune Princess
belonged to Gene Mercier. I am
guessing the year was 1964.
I am donating these slides for
your collection. Kind regards
Kathy Mercier (nee Caldwell)
