Dear Paul,

I'll probably talk to you over this weekend but wanted to mail this book mark for PT that I forgot to put in his xmas bk gift Cert.

I was trying to see when I could come out & see you all but I'm having such a problem w my ear. I don't know what I'm doing. It clears up & then starts right in again. I'm now going to a specialist but he doesn't seem to be able to do much - I've been on antibiotics & now I'm on Sulpha. If things don't get better, I'm going back to the doctor I trust in Englewood even though he's

not on Pre-care. John
isn't real thrilled to that
but it's my car + my life
~~so~~ I've made up
my mind on that.

How are things
going to you? Would calling
just to check on application/
resume do any harm. - ? -
I sure hope some thing comes
thru soon for you. You
sure need a break. I
think about you all the
time.

I'm also concerned
for John. He's under alot of
stress now to the business.
He's so sorry he didn't let
them buy him out a year
or so ago. He should have done
it when he had the last heart
attack. Now Victor says he

can only handle business
alone for a week which
means John can't stay
in Florida long. The
last thing he needs now
is this. They're going to
get an appraisal on the
buildings but it's tough
to estimate the business
especially the way it is now.
And they have to pay off
Thorman's widow - Helen
wishes it was all over now.
We'll see what happens -
Guess that's all
for now. Give my love to
Paul & Abby.

Take care,
Love
Helen
