

Oct. 25, 1990

Dear Paul,

Here is my share of the information. What you're doing is exciting. I'll be eager to see the results. Computers and copy machines have made all this search for roots and branches more practical.

I have contacted my brother, Rod, and my cousin, Bill Warfel. Both are interested, so I am sending them their portions of the packet, and they will complete them and forward them to you.

Much of this is incomplete. As I find new information among my things, I'll send it along. Ted (Bill, as he is called now) says he has a lot of stuff of his mother's in boxes & may find time to get it out.

Mary Sue

→

P.S. Some of the information I included is probably only of interest to you (maybe not even that!) and shouldn't be added to the computer, unless that sort of thing is part of other families' write-ups, too. I'm referring to info. on education, activities, occupations, etc.
