

Westerlyville, O. June 21, '96.

Mr. J. H. Harris,

Plattsburgh, O.

My Darling Joe: - I have
traced Cable & Fred as long
as I desire and I now
retire to my room where
I can talk to my sweetheart
also. I have allowed my
mind to wander back to
old Mt. Hermon today.

I presume you were there
at church today. A thousand
memories come flooding
across my mind when I

think of that old church.
It has been a dear parent
to me. Can I ever repay
it? Although I could not
expect to live there I hope
to send back some cheering
influence.

This morning I attended
the regular services and
this evening attended Children's
Day services at the Evangelical
and that reminded me again
of Mt. Hermon.

It seems quite lonely
since the boys left, and
I am thankful to have
plenty to do. The past week
has been a busy one. I
think I could find plenty
to do if I were at home

all the time

A strange rumor is going
through Westerville; we hear
that Mr. Minshall '96 & Miss
Erwin '98 are to be married
and sail to Africa this
Fall. He has never gone
with her except a few times
at commencement, but
I think they are both
going to Africa and
why not go together.

I fear that I am more
bothered than all the rest
of your agents, but perhaps
it is best that you should
find it out. I want to
go to work at canvassing
Westerville just as soon
as possible and my work

at the other places will just depend on how I succeed. If I conclude that I am not cut out for an agent I will not meddle with it very long, but I will at least give it a trial. If I succeed reasonably well I will want to canvass the towns I have mentioned.

I think you were mistaken about that "Bachelor Joe" I would not know what to do with two.

I wonder what you are doing, talking some one to sleep perhaps.

Happy dreams to you and may the Lord bless us in our work.

Lovingly

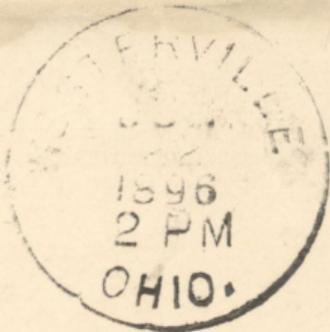

P.S.

Bertha Lambert

At P.O. your letter just recd. I will possibly go to work

tomorrow. Truly thank you for trouble until letter paid. Bertha
