Dearest Zentha

Your letter came
to hand this evening just
as I was leaving town. I
came out with C.A. in
the buggy. I am now
sitting in Chas' new room
which makes a beautiful
study room. We are having
a nice rain. My pen will
hold ink for about two weeks.

I would wait until tomor-
row night for writing, but
thought it might be too late
for your start to Geneva.

You will pardon me if
I don't write much under
the present circumstances

I am feeling well and can
stand the work nicely. I
only wish I had plenty of
it for the rest of the season.

I don't know yet what
the work will be. I must
have sympathized with you
with your toothache as I
dreamed of feeling you ex-
plainly. My mind went
to you Sat. and Sun. more
than usual although I
went to uncle Geo's Sat. even-
ing and stayed until Sun.
evening. I attended children's
exercise, here Sat. evening.

Fay invited me to talk
to them some time so I
arranged to come out July 11.
I hope you may go to Geneva
You might see what you
can get a sleeper for in

going and coming.
I am sorry you had
to suffer with toothache.

I suppose Mr. Byer was the
first on the list. So many
things come to mind to speak
of which of course to night
at least does not permit
mentioning. Our love is
true and pure, worries each
other very much. I know you
are with me in thought
and I never found it easier
to live in pure thought
than now although surrounded
with such bad influences.

You are my jewel. Pray
for me every day and I will
for you. Enjoy your trip
all that is possible. Write
a line as soon as you get
through.

Take the nicest care of your
health and spend much
time in ~~paper~~.

all is well with me and
I enjoy my work. Be not worry
about me. The folks are
ready to go to bed so I must
leave Sweetheart for tonight.
May God bless and keep
you safe.

Yours Love

J. H. Harrier
