Miss Lambert,  
Plantersville, O.

Kind Friend:

This, the close of another  
wk., finds me among the living  
and a recipient of the mercies  
extended to mankind by Omnipotence.

Seven wks. of school gone  
Several yrs. of life gone, and still  
the wheel of time rolls on revolving  
again and again, smiling at  
our efforts to grasp from it the  
little morsels of education, so small  
that after we have obtained them  
they seem to sink into insignificance.

But such is life and I  
am truly glad that all these things  
are just as they are. I hear the  
cry of the midnight-train,

but the steam thus used has passed  
into other elements: but with life we  
are living to answer the question  
"If a man die shall he live again?"

Life truly is sweet to him who  
with purpose, bold and true, sinks  
his sword in life's swift flight and  
rescues from the doom of night gems  
to brighten the future.

School is moving along with  
good interest, a large attendance and  
everything conducive to a good term  
of school. I found many of the  
old students here, yet most of the faces  
were strange to me, especially did I  
notice the great change in the Lit.  
society, but the societies and associations  
are doing good work, and have taken  
in more members than usual.

Miss Wot seems to enjoy life fully  
as well as usual. J. A. Smith is at work  
with zeal and energy as he always is.

He is attending a convention of the Y. M. C. A.  
at Defiance. Miss Meyers gave us  
a complete report of the Y. W. C. A. Conv.

Seth is enjoying school  
very much, and is making great calcu-  
lations on next term, but thinks he  
will have to spend Christmas at home.

He is doing well and is well  
contented and makes good use of the Philo. lib.

My studies this term are  
Algebra, Geometry, Latin and Par. Law.  
and am trying to do some literary  
work. All the officers of Philo. except  
term officers are ladies.

O'yes I am chief usher and  
program distributor: listen with you.  
Just come up and I will give you  
the finest seat in the hall and  
would send you a program now  
if I only had one here.

The bible class is quite  
interesting now.

This reunion next Wed. evening,

The Democrats are having a rally tonight.

This of course will cause Prof. Lebe  
to lose a little sleep. Well it is just  
12 O'clock ~~now~~ - One and I must go, not  
home but, to sleep. I have not heard from Lea  
but suppose he is well. I suppose you are  
enjoying your school work again now,  
and feel that your whole time and interest  
is absorbed in the great work before <sup>you</sup>. A grand  
work it is too. I should like very much  
to spend the holidays on the ridge but guess  
books will keep me here. If this note  
finds its way to the waste basket without  
being considered, please pardon the un-  
worthy writer for the intrusion.

If acceptable the writer awaits an  
answer as friend to friend. At any rate wish-  
ing the best of success as yours I remain  
a true friend, J. N. Harris,

0.
