

September 14, 1989

Dear Paul,

I am not usually so late with my correspondence but the children from Florida have been here and gone, George has been in the hospital and two of our good friends have died.

Anyway, here are all the addresses that I could come up with. I do not know many of these "cousins" personally. The page of Chalk Lambert's descendants was sent me by Edith Lambert whom I have met and who sends me a little family information each Christmas. She is elderly now.

Lloyd and Fran Reick traveled all over looking up relatives. Lloyd, now deceased, descends from Albert, Jr. Fran has been working on her own family since Lloyd died. She sent me copies of most of their research on the Albert line. Fran is probably the best person to give you names and addresses for they went to many reunions in Missouri. Both the Albert and Barclay lines have reunions in Missouri in August I believe. I knew that Lu Williams planned to go and tried to reach her in time to let you know but evidently she had already gone.

The California Lamberts used to meet on Thanksgiving day but I do not know whether they still do or not. You probably know since you have family out there.

I notice that Mary Frances Shepherd is your neighbor. Her father, Elza Lambert, was my grandfather's younger brother and they lived in Tulsa for a long time so I know Mary Frances and Bob better than any of the other relatives. She went to Ohio State so knew many of the Ohio relatives. Her husband died several years ago but she stays busy. If you ever feel inclined you

might give her a call. She has a son about four years older than you.

I do want you to see what old records I have and wonder if you might be able to come early in October. Let me know. I also hope that you will be coming to Florida this winter or fall and we can get the Lambert connections who are in Florida together. I know several of them and it would be fun. I do want to help you get an organization started and maybe some time we can have a big reunion!

Sincerely,

Bette Knapp

P.S. I enclosed copies of lists that my grandfather had. They are out of date but interesting.
