

GOD CREATED BROTHERS

God created brothers
to be there our whole lives through,
To care about our troubles,
to share our secrets, too...

God knew sometimes
they'd make us smile,
sometimes they'd make us frown,
But we could always count on brothers
when the chips were down...

They may be pals...or pranksters
whose teasing never ends...
They may be tough, but underneath,
they're still our warmest friends...

And when they lend a hand, they say,
"that's what a brother's for..."
That's why a brother's great to have
and couldn't be loved more!

Dear Paul,
The selection
of cards down here is
not the greatest but I hate
going to the mall. Hope you have a great
day even if you're not counting anymore.

So very happy for you & Susie. I
know it must be difficult with the
distance apart. I have some rough
moments but I'm doing OK.
You enough for all your thank
support & love. I know John
was a loss to you never
you buried you also but
me. - I'm so blessed with
such wonderful help
