My dear Darling Boy: -

I Here it has been three days since I looked into your smiling face. I have almost been surprised to know that I have lived through it so well. Tues. I was tired and so did not try to do much so I fringed two of ~~my~~ our towels and bound one of our quilts. Yesterday Elsie & I done a large washing and then I hemmed a tablecloth.

Tues. evening Elsie & I called to see Lark and surprised her wonderfully. Then nothing would do but that I must come

wife and stay with them last
night as they are alone

So I went and Lora and I
slept in your old room ^{my}
but old memories flocked in
my mind. Everyone seems
glad to see me and of course
inquires about my husband.
Alma Guitzer said she was
sorry to hear that we had separ-
ated already. Well I do wonder
what you are doing and how
you are getting along. I rec'd
your letter written the day I
left home but that is all
I have heard. I shall look for
a letter or for you today or
tomorrow. I can just see you
going up to my old room by
yourself

2.

Lora said she was glad you were not here last evening as she could sleep with me, but I thought down in my heart that I would rather you were here.

I think perhaps we will appreciate one another even more since being separated. If you are not working I will look for you up before Sunday. While I think of it I will write a list of some of the things you will have to pack and also some little things that I forgot.

Two comforts -
Fruit -
Jelly (at Lora's)
Six cups of jelly in cupboard
Dried peaches
Pillows
Books
Clothing, My medicine bottle & spoon
and My Darling Boy.

The Telescope states that the
Seminary will open Sept. 7
as we had thought. I hear
that Mr. & Mrs. Shull will
be there so we will not get
lonely. Our folks are getting
anxious to see you and you
know I am trying to wait
patiently.

Now take good care of my
dear one and come as soon
as you can.

Your own true one

Bella Lambert Davis

Love to all
