

Tuesday eve.

Dec. 7, 1976 9:30 P.M.

Dear Dan and Aletha,

Here I am, in Room 643, University Hospital.  
Have had a fine evening meal, several examinations,  
a visit from Dr. <sup>Jack</sup> Taylor; everything is "GO" for  
operation Wed. morning.

Several friends have shown practical interest  
in the convalescence: Paul Bierlys, Paul Zubrod,  
and Dr. Donnerberg have all invited me to  
rest up at their homes.

I have made contact with a city agency named  
"Meals on Wheels". They will bring a couple of  
meals daily to my room at 1576 Neil  
if needed.

Hope that Ford is progressing well and that  
all of you are well.

Love,  
Dick
