Dear Aunt Bertha:

You and Uncle Joe wrote
such wonderful letters. I am glad
that Father has the chance to
know Uncle Joe a little bit.

We were so glad to have news

of you and your boys. Mother

remembers "The Singer" for once

in a while when he was in
New York he came to see
them at the apartment. He
has followed his career
with a great deal of interest.

If any of your boys should
want to do graduate work at
our University of Minnesota
at any time, we would be so

happy to have him with us. The
tuition for out-of-state students is
much higher but his living would not
cost him anything with us so it might
balance out. There are many interesting
men on the faculty and a fine school
of music.

We are so glad that Richard
is strong enough to be doing university
work - you must have had an anxious
time. Richard and Arthur must be
about the same age. (Art was born July 21, 1911.)

I do hope that somehow you will
have a "mission" up in the Northwest so
that you can come to us.

Gratefully yours,
Shirley Lay Harris
