

Wien, May 7, 1961

Dear Paul:

Belated wishes for a happy birthday! I hope you and all your family are well and happy.

I have been here in Vienna since April 23 and will stay until May 24. I have been working hard on the German language and can now spit much farther than before.

There is an infinite variety of opera, concerts and theatre to choose from here. I have been watching rehearsals and attending performances and am still learning something in my old age.

As you know, Metta is being a good sport and is holding the fort at home. We didn't want to take John out of school, - and Nana is there, too, via

I will go back ~~to~~ via Salzburg, Munich, Frankfurt, Cologne, London, and will sail on the

② Mauritania from on June 6, -
N.Y. June 12 and Oberlin June 13.

All good wishes, and many
happy returns of the day.
Affectionate greetings to Margie,
Midge and Skip. - Dan
