

Mrs. Daniel Lambert Harris

Dear Malcolm,

I knew from the "D.C." address
on a recent list sent to me (for UTD)
of the participants in the Daniel L.
Harris Memorial Fund, that you must
be related to Art's family. A letter from
Art recently answered my query, so
that I do recall now where you
fit in the family tree. (And there
was another Daniel Lambert who
taught music at Oberlin as I recall.)
Jonathan & I do sincerely
appreciate your very thoughtful
and generous participation in

The fund for Dan, which will probably
be used to give an annual D. L. H.
prize for outstanding undergraduate
research. He would have approved very
much of this. His scientific library &
Counsel will go to the Library & at the
moment that is where our thoughts & time
are involved & we must get through before Jon
has to return to Berkeley.

Again our thanks to you & look for-
ward to seeing you perhaps in Washington
at some future time. I only wish you had
had the opportunity of knowing Dan, whom we
are missing very much as time passes.

To your family

Thurs. evg. Oct. 16 '14.

Very sincerely & regards
Catherine Mc-Harris
