Darling Joe: — No doubt
you will wonder what
I am doing here this
morning. I wrote to
you last week concerning
my eyes. They did not
improve as rapidly
as I thought. I came
to Columbus Thur.
and the Dr. thought I
had better stay here in
the city instead of
travelling back and forth.

So I am staying
with Mrs. Sulphard
an old friend of ours.
My eyes are improving
very rapidly and I
think possibly I can
go home today. Please
do not worry about
me for I think I can
enter school again soon.
I am using medicine
which makes it
difficult for me to-
see to read and write
so I know you
will excuse this short
scratch. I will let
you know if my
eyes are worse so
you need not worry.

There are three young
gentlemen here who
do their best to
entertain me and
keep me from
getting homesick

Your true one
Bertha Lambert
