

Westerville O. 1-23-96
Mr. Joseph Harris
Ada O.

Dear Joe: - Your letter
was received this forenoon
and I will answer before
it gets cold. (Please excuse
this big blot.) I was very
glad to hear from you but
sorry to think you were
uneasy. I am having
another siege of the grippe
but nothing dangerous
or serious. I am much
better today, and think I will

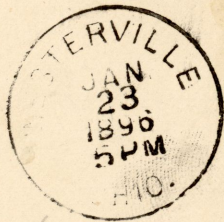

feel as well as ever in
a few days.
I have not been to class
since Mon. I have been
studying some at home
but my head was too
thick to do much.

Now please do not worry
about me in the least,
for unless something else
prevents I expect to be
in school next week.

I expect you will scold
when I tell you that I
attended that lecture Mon.
night, although I do
not think it made me
any worse. But whether
it did, or did not, it was
worth a great sacrifice to me.

I think it was the best
I have ever heard, although
I could not sanction
every thing he said.
His was my "point."
He and father are attending
the anti-saloon convention
today. He had a very pleasant
visit from uncle Reese
Lambert Mon. night, he
came up to attend the
convention. I presume
you have heard before this
that Howard started to Kas.
last Mon. also of Clark
Edgertons death - caused
by injury received in
a railway wreck. He was
brought home for burial
last Mon. morning.

Walter D. Fawcett died about
one week ago in Colorado,
of consumption, and
Walter Embree is quite low.
It seems sad to think
of so many young people
being taken away. And
what a lesson for us.
Tonight is our installation
of officers, and I am
on for debate but I
promise I will not go.
I surely have disobeyed
nature's laws again
but this time I can not
tell just how or when.
Carrie says, blot the kisses
and I think if you count
them in this letter you will
get several. No more today.
Loveingly, Bertha Lambert
