

Westerville O, 9-22.95.

Mr. J. H. Harris
Ada O.

My Dear Joe:— I
rec'd your message
Fri. morning as I went
to class, but was compelled
to wait two hours before
I could read it, I
had serious thoughts
of getting dismissed
from one of the classes
but thought possibly
it would keep.

It found me enjoying
school work and
feeling much better
than when I last wrote.

We have almost all had a slight attack of malarial fever, and Ira has been quite sick for a few days. He seems a little better today and we hope he will get no worse but he is not out of danger yet. It has been very dry here all summer and water is quite scarce, which I think causes the trouble. But the rest of us are well now and I hope Ira will be in a few days. Carrie and I attended a social last evening given by the Athletic

department. I enjoyed
it fairly well to have
no "point"

I was almost over-
joyed to know that
you thought of coming
down some time
soon. I had judged
with a sad heart
from your other letter
that you were not
coming until holidays.

I will be happy
to do my best at
entertaining you at
your earliest convenience.
The time is immaterial
to me, as I can visit

at any time when I
have an opportunity,
and I know it would
be a great inspiration
in my work. So suit
yourself as to the time.

I fear you would not
study much if I were
to try to help you with
your lesson so I will
leave that until a
later period.

Yes I would surely
rather entertain you
than any one else.
In fact I like the
work so well that
I fear I am getting
a little selfish
about other people
doing much of it.

Accept my congratulations
for your position in
society. I guess I
get to be choirster
and I think that
is a great deal nicer
than being Pres.

I think you ought
to come to Clivoheta
next Thur. night as
I am on the program.
The new park, south
of here seems to be
quite an attractive
place especially on
Sun. two weeks ago
I saw Small spoke
there and today How.

Van Bennett. Of course
the st. cars get the
benefit.

The sulpur bell is
ringing and I must
say good-bye

Trusting that God
will care for us while
separated I remain

Your Sweet-heart,
Bertha Lambert.

N. B. I will send one
of our pictures. If
Miss Chandler has
not gone you may
show it to her if you
wish as she has never
seen my sisters
P. C. L.
